Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Mare Island Causeway Bridge (23C0248) Preventative Maintenance Project

Lead Agency: City of Vallejo, Public Works Department

Contact Name: Mr. Sam Kumar,Senior Civil Engineer

Email: Sam.Kumar@cityofvallejo.net Phone Number: 707- 648-4432

Project Location: City of Vallejo, Solano County
City *County*

Project Decription (Proposed actions, location, and/or consequences).

The proposed Project will conduct preventative maintenance and repair activities, reduce further deterioration, and provide a safer bridge for the traveling public. The maintenance and repair activities are needed to extend the life of the structure and ensure safe operating conditions on the multi-modal structure. Project objectives include improving roadway safety and compliance with the American Association of State Highway and Transportation Officials (AASHTO) guidelines and City of Vallejo standards. This Project is identified in the City of Vallejo Capital Improvement Program as Project # PW9762. A detailed project description is included in Section 3 of the environmental document.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Project could have potentially significant impacts the following resource categories: aesthetics and biological resources.

BIOLOGICAL RESOURCES
Implementation of mitigation measures BIO-1 through BIO-4 will reduce potential impacts to less than significant for biological resource impact topics: a (sensitive species), b (sensitive natural community), and c (wetland and waters).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

NA

Provide a list of the responsible or trustee agencies for the project.

Responsible Agencies
-Caltrans
-Central Valley Regional Water Quality Control Board

Trustee Agencies:
-California Department of Fish and Wildlife
