Project Title: 60-Inch Culvert Crossing (Lake or Streambed Alteration Agreement No: EPIMS-SON-17086-R3)

Project Location (include county): The project is located at an unnamed tributary to Calabazas Creek, in the County of Sonoma, State of California; Latitude 38.38394, Longitude -122.51341; 103 Trinity Road, Glen Ellen, CA, Assessor's Parcel Number [053-100-015].

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement number EPIMS-SON-17086-R3, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Erich Pearson.

This Agreement covers the following project activities: 1) installation of a new septic line within the fill prism of a stream crossing used to access cannabis cultivation areas, and 2) replacement/upgrade of the culverted stream crossing used for cannabis cultivation access with a bridge design. An existing 60-inch stream crossing culvert over an unnamed watercourse is undersized and will be upgraded based on a bridge design that allows passage of 100-year stream flow and does not impede fish or aquatic life passage up or downstream.
