Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: County Line Road Transportation Corridor Project

Lead Agency: City of Calimesa and City of Yucaipa

Contact Name: Lori Askew, Public Works Director

Email: laskew@cityofcalimesa.net Phone Number: 909.795.9801, ext. 235

Project Location: City of Calimesa in Riverside County and City of Yucaipa in San Bernardino County

City *County*

Project Decription (Proposed actions, location, and/or consequences).

The Project Applicants, the City of Calimesa and the City of Yucaipa, submitted a grant application for the Local Partnership Program (LPP) for construction of a roadway corridor, drainage, and related improvements on County Line Road from Park Avenue to Bryant Street. The County Line Road Transportation Corridor Project (Project) is a multi-modal surface transportation enhancement project, which addresses traffic congestion and safety coupled with facilitation of growth and non-motorized transportation systems. The Project includes the improvement of approximately 4,942 linear feet (LF) along County Line Road and 2,142 LF on the cross streets for a total length of 7,084 LF. The Project boundary goes between the Counties of Riverside (to the south) and San Bernardino (to the north). The Project proposes to construct four (4) single-lane and one (1) multi-lane roundabouts, together with street, pedestrian, and bicycle improvements, to improve safety and efficiency throughout the corridor. Roundabouts will be constructed at the intersections of 5th Street, 3rd Street, 2nd Street, California Street, and Bryant Street. In addition, street improvements will be implemented between Park Avenue and 5th Street, 5th Street East (Mid-Block) to 3rd Street, and California Street to Bryant Street. The Project proposes to acquire approximately 1.3 acres of property for public right-of-way that includes roadway, drainage, gutter, and/or sidewalk features. The full list of Assessor Parcel Number (APNs) subject to a partial or full acquisition can be found in the Initial Study/Mitigated Negative Declaration.
The Project will be constructed in one phase and is expected to take approximately four months, starting no sooner than fall 2019.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project has the potential to impact cultural resources, geological resources, hydrology and water resources, and tribal cultural resources. Further, the Project has the potential to generate noise and construction traffic. The Project Applicant would be required to implement mitigation measures (MM) identified below and in the Initial Study/Mitigated Negative Declaration to reduce these potentially significant impacts to less than significant levels:

Implement MM CR 1 and MM CR 2 for cultural resources. Implement MM GEO 1 for geological resources. Implement HYDRO 1 for hydrology and water resources. Implement MM TCR1 through TCR 6 for tribal cultural resources. Implement MM NOISE 1 through MM NOISE 4 for noise impacts. Implement MM TRANS 1 for transportation impacts.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

US Army Corps of Engineers, Clean Water Act Section 404 Permit
Regional Water Quality Control Board, Colorado Region, Clean Water Act Section 401 Water Quality Certification
California Department of Fish and Wildlife, Fish and Game Code Section 1602 Streambead Alteration Agreement
