Project Description:

Minor Planned Sign Program 06-24-5709 is for the apartment complex identification sign for the Meadows Senior Apartments in the Meadows Residential Community. The sign is 7-feet tall, 4 feet wide, and includes the sign copy "Meadows Senior Apartments."

On January 21, 2020, the City of Lake Forest City Council certified the Nakase Nursery/Toll Brothers Project Environmental Impact Report (SCH 2018071035) for Zone Change 05-17-5034, General Plan Amendment 05-17-5033, Area Plan 05-18-5166, Vesting Tentative Tract Map 18142 and the related Development Agreement for the Meadows Residential Community site. There have been no changes to the project evaluated in the EIR, no changed circumstances, and no new information about the project, mitigation measures or alternatives that would result in the proposed Project having new or more significant impacts than those evaluated in the EIR. The EIR was not challenged and thus is presumed valid in accordance with Public Resources Code section 21167.2. The proposed Planned Sign Program is consistent with scope of the approved Area Plan 05-18-5166 and Vesting Tentative Tract Map 18142, and is required to comply with all mitigation measures contained in the Mitigation Monitoring and Reporting Program that was adopted in connection with the EIR. Therefore, the certified EIR serves as the environmental documentation for the project and the project is in compliance with the requirements of CEQA. Thus, no further environmental review is necessary pursuant to Public Resources Code section 21166 and State CEQA Guidelines section 15162.

This is to advise that the (Lead Agency or Responsible Agency) approved the above described project on: July 11, 2024 and made the following determinations:

Custodian: City of Lake Forest Community Development Department	Location: 100 Civic Center Drive Lake Forest, CA 92630			

Pursuant to 14 CCR § 753.5(e)(3):

Only one fee shall be paid per project unless the project is tiered or phased, or separate environmental documents are required (Fish and Wildlife Code section 711.4(g)). Separate environmental documents include EIRs, negative declarations, subsequent EIRs and negative declarations, and supplements to EIRs. Only one fee is required when an existing certified EIR is used for multiple project approvals that would result in no additional effect to fish and wildlife. An additional filing fee is required if approval of any separate environmental document would result in an effect on fish and wildlife not previously addressed in a certified EIR, Master EIR, Program EIR, Staged EIR, or General Plan EIR.

Approval of MPSP Planned Sign Program 06-24-5709 **would not** result in an effect on fish and wildlife not previously addressed by the Nakase Nursery/Toll Brothers Project Environmental Impact Report (SCH# 2018071035). Therefore, an additional Fish and Wildlife Notice of Determination filing fee is not required (original fee paid January 22, 2020, see receipt attached hereto as "Attachment A").
