Project Description:		
<p>Site Development Permit 05-21-5425 is a request to develop the "The Evergreens" neighborhood in the Meadows Residential Community. The new neighborhood includes 114 detached single-family units and associated site improvements, including common area landscaping. The development is proposed on Lots 353-466 of Vesting Tentative Tract Map 18142 and is Neighborhood 4 (NH 4) in Area Plan 05-18-5166.</p> <p>On January 21, 2020, the City of Lake Forest City Council certified the Nakase Nursery/Toll Brothers Project Environmental Impact Report (SCH 2018071035) for Zone Change 05-17-5034, General Plan Amendment 05-17-5033, Area Plan 05-18-5166, Vesting Tentative Tract Map 18142 and the related Development Agreement for the Meadows Residential Community site. There have been no changes to the project evaluated in the EIR, no changed circumstances, and no new information about the project, mitigation measures or alternatives that would result in the proposed Project having new or more significant impacts than those evaluated in the EIR. The EIR was not challenged and thus is presumed valid in accordance with Public Resources Code section 21167.2. The proposed Site Development Permit is consistent with scope of the approved Area Plan 05-18-5166 and Vesting Tentative Tract Map 18142, and is required to comply with all mitigation measures contained in the Mitigation Monitoring and Reporting Program that was adopted in connection with the EIR. Therefore, the certified EIR serves as the environmental documentation for the project and the project is in compliance with the requirements of CEQA. Thus, no further environmental review is necessary pursuant to Public Resources Code section 21166 and State CEQA Guidelines section 15162.</p>		

This is to advise that the ( Lead Agency or  Responsible Agency) approved the above described project on: July 8, 2021 and made the following determinations:

Pursuant to 14 CCR § 753.5(e)(3):

*Only one fee shall be paid per project unless the project is tiered or phased, or separate environmental documents are required (Fish and Game Code section 711.4(g)). Separate environmental documents include EIRs, negative declarations, subsequent EIRs and negative declarations, and supplements to EIRs. Only one fee is required when an existing certified EIR is used for multiple project approvals that would result in no additional effect to fish and wildlife. An additional filing fee is required if approval of any separate environmental document would result in an effect on fish and wildlife not previously addressed in a certified EIR, Master EIR, Program EIR, Staged EIR, or General Plan EIR.*

Approval of Site Development Permit 05-21-5425 **would not** result in an effect on fish and wildlife not previously addressed by the Nakase Nursery/Toll Brothers Project Environmental Impact Report (SCH# 2018071035). Therefore, an additional Fish and Game Notice of Determination filing fee is not required (original fee paid January 22, 2020, see receipt attached hereto as "Attachment A").
