Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: 2021100194

Project Title: Butte Fire Center Replacement

Lead Agency: California Department of Forestry and Fire Protection

Contact Name: Terry Ash, Senior Environmental Planner

Email: terry.ash@dgs.ca.gov Phone Number: 916-376-1700

Project Location: Magalia (*City*) Butte (*County*)

Project Decription (Proposed actions, location, and/or consequences).

The Project site is located at 6640 Steiffer Road in Magalia, Butte County. The 84.1-acre site is located adjacent to Paradise Lake; however, the Proposed Project involves work within the most heavily developed portions of the site. The Project site is bounded to the west and south by heavily forested land and to the north and east by Paradise Lake.

The proposed Project entails the partial demolition and reconstruction of a California Conservation Corp (CCC)/CAL FIRE joint fire base and associated facilities and structures. New buildings include administration, Captain's barracks, CCC Corpsmember crew dorms, laundry building, multipurpose building, fueling station, auto shop, apparatus garages, training, warehouse, vehicle wash enclosure, hose wash racks, electrical building, and generator. Site work includes new asphalt and concrete paving and concrete flatwork, PV arrays on covered parking structures, new underground utilities, and aboveground fuel tanks.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological: worker environmental awareness program, special-status plant surveys, special-status plant avoidance, special-status bird surveys, special-status bat surveys
Cultural: retainer of professional archaeologist to judge discovery of unknown resources (if discovered)
Geology and Soils: retainer of professional paleontologist to judge discovery of unknown resources (if discovered)
Hazards and Hazardous Materials: hazardous materials survey compliance, dust prevention
Tribal Cultural Resources: measures to protect unanticipated tribal cultural resources discoveries

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known.

Provide a list of the responsible or trustee agencies for the project.

Federal, state, and local agencies that would serve as either responsible or trustee agencies for the Proposed Project include: Air Resources Board, Caltrans District 3, CDFW Region 2, Department of Forestry and Fire Protection, Department of General Services, Native American Heritage Commission, Office of Historic Preservation, Public Utilities Commission, RWQCB District 5R, Resources Agency, SWRCB, Department of Toxic Substances Control, Department of Industrial Relations, Division of Occupational Safety and Health
