West Sacramento: Recreation/Parks, Waterfront. Sacramento: American River Parkway, Heavy Industrial.

Project Description: (please use a separate page if necessary)

The Project would include the construction of a new bridge across the Sacramento River between the Sacramento Railyards and the West Sacramento Washington planned developments. The new bridge would provide a new vehicle, bicycle, and pedestrian crossing connecting C St. in West Sacramento to Railyards Blvd. in Sacramento and would include a moveable center span to allow passage for watercraft. The existing I Street Bridge would continue to be used by the railroad. The existing approach structures for Jibboom Street, I Street and J Street in the City of Sacramento and C Street in the City of West Sacramento would be demolished.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".

FONSI NOTICE OF AVAILABILITY

TO: State Clearinghouse
1400 Tenth Street
Sacramento, CA, 95814

Date: June 13, 2019

FROM: California Department of Transportation
District 3
703 B Street
Marysville, CA 95901

SUBJECT: Notice of Availability of Finding of No Significant Impact
(Pursuant to: U. S. D. O. T. Order 5610. 1C, Paragraph 5. b)

SCH #: 2014092069

PROJECT DESCRIPTION: The City of Sacramento, in cooperation with the City of West Sacramento and the California Department of Transportation (Caltrans), proposes to construct a new bridge over the Sacramento River to replace the vehicle crossing that is currently accommodated by the existing I Street Bridge in order to remove a series of functionally obsolete or structurally deficient bridges (i.e., approach structures). The new connection also would reduce future traffic congestion, improve operations and safety, serve multiple modes of transportation, and comply with current American Association of State Highway and Transportation Officials, Caltrans, and local agency design standards. The project limits starting within Sacramento consist of Railyards Boulevard from 200 feet east of Bercut Drive on the east, continuing west over the Sacramento River into West Sacramento along C Street, crossing 2nd Street and terminating approximately 100 feet west of the 5th Street intersection. The project limits also extend along Bercut Drive approximately 500 feet north of Railyards Boulevard, along Jibboom Street 550 feet north of Railyards Boulevard and 300 feet south of Railyards Boulevard, along 3rd Street 50 feet north and south of C Street, along 4th Street 50 feet north and south of C Street, and along 5th Street 50 feet north and south of C Street. The total length of the project is approximately 0.42 mile along C Street and Railyards Boulevard.

This is to advise you that a finding of No Significant Impact (FONSI) has been made for this project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 U.S.C. 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address or at the following website:
