Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Rockport Culverts Project

Lead Agency: California Department of Transportation

Contact Name: Liza Walker

Email: Liza.walker@dot.ca.gov Phone Number: 707-502-9657

Project Location: Rockport, Mendocino
City *County*

Project Description (Proposed actions, location, and/or consequences).

Caltrans proposes to rehabilitate or replace five culvert systems on Route 1 from post mile (PM) 85.09 to 88.95 near Rockport from 1.3 miles north of the Hardy Creek Bridge to 1.1 miles south of the Cottoneva Creek Bridge . The purpose of this is to improve drainage systems and reduce erosion to protect the structural integrity of SR 1.The project is needed because the culverts are severely damaged or have failed, resulting in insufficient drainage capacity causing roadway flooding and embankment erosion which could potentially lead to roadway failure.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The project would have less than significant impacts with regard to Greenhouse Gas Emissions and Hydrology and Water Quality. With mitigation incorporated, the project would have less than significant impacts with regard to Biological Resources. Mitigation for permanent impacts to wetlands and waters would be implemented.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife
North Coast Regional Water Quality Control Board
California Transportation Commission
National Marine Fisheries Service
U.S Army Corps of Engineers
U.S Fish and Wildlife Service
