Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Robertson/Wallan/Hurlbutt Tanks Replacement Project

Lead Agency: Garberville Sanitary District

Contact Name: Jennie Short

Email: jmshort@garbervillesd.org Phone Number: 707-223-4567

Project Location: NA (Community of Garberville) Humboldt

City *County*

Project Description (Proposed actions, location, and/or consequences).

Replace the existing 180,000-gallon, in-ground, concrete, finished water storage tank (Hurlbutt Tank) with a new in-ground, 550,000-gallon, pre-stressed concrete tank (Main Tank) located on an adjacent parcel. Replace the existing 20,000-gallon, failing, redwood drinking water storage tank (Wallan Tank) with an approximately 77,000-gallon bolted steel tank. Remove the failing Robertson Tank from the system. Demolish the existing Upper Maple Lane Pump Station and replace it with a new one at the site of the new Main Tank. Demolish the existing Arthur Pump Station and replace it with a new Alderpoint Pump Station. Upgrade the existing Wallan Pump Station to meet the operational requirements of the new Wallan Tank. Install new segments of distribution piping to connect the new tanks and pump stations to the existing distribution system. Install new, diesel-powered, backup generators at the Tobin Well, Upper Maple Lane Pump Station, Alderpoint Pump Station, and Wallan Pump Station. Install new instrumentation, controls, and radio telemetry improvements. Project is located in Garberville, California on Assessor's Parcel Numbers (APNs) 032-211-011, 032-211-021, 223-191-006, 223-191-006, 223-181-020, 032-211-011, 223-181-025, 223-183-003, and 223-191-011.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Mitigation reducing all impacts to less than significant includes - International Dark-Sky Association Compliance, Fugitive Dust Control Measures, Nesting Bird Surveys, Protect Special-status Bats, Avoidance and Minimization Measures to Protect Sensitive Natural Communities, Mitigation for Sensitive Natural Communities, Avoidance and Minimization Measures to Project Wetlands/Waters, Mitigation for Loss of Wetlands and Waters, Protocols for Inadvertent Discovery of Cultural Resources, Adherence to Engineering Geologic and Geotechnical Investigation Report Recommendations, Inadvertent Discovery Protocol – Paleontological Resources, and Construction Noise Limitations.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
