Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Low Carbon Fuel Standards Program Amendments

Lead Agency: California Air Resources Board

Contact Name: Rebecca Fancher

Email: rebecca.fancher@arb.ca.gov Phone Number: (916) 327-1550

Project Location: Statewide

City *County*

Project Description (Proposed actions, location, and/or consequences).

The Low Carbon Fuel Standard (LCFS) is designed to decrease the carbon intensity (CI) of California's transportation fuel pool and provide an increasing range of low-carbon and renewable alternatives.

CARB staff are developing amendments to update the LCFS to align with state goals and the 2022 Climate Change Scoping Plan, including: strengthening the carbon intensity reduction requirements, post pre-and-post 2030, adding fossil jet fuel as a required fuel, updating crediting requirements for different fuels and projects, and expanding the current Zero Emission Vehicle (ZEV) infrastructure crediting provision to the medium- and heavy-duty sector.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

See attached Draft Environmental Analysis.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
