Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Live Oak Canal Bridge Replacement

Lead Agency: County of Sutter

Contact Name: Scott Riddle, Senior Civil Engineer

Email: sriddle@co.sutter.ca.us Phone Number: 530-822-7400 ext. 307

Project Location: Live Oak (*City*) Sutter (*County*)

Project Decription (Proposed actions, location, and/or consequences).

The Live Oak Canal Bridge (Bridge No. 18C0106) is located on the eastern edge of Sutter County, between Yuba City and Live Oak, on Sanders Road at the intersection with Larkin Road. The County is proposing to replace the bridge due to low sufficiency rating and poor intersection geometry. The new structure would allow truck turning for California Legal Trucks to and from Larkin Road onto Sanders Road. The proposed bridge replacement is planned to be a precast or cast-in-place, reinforced concrete double-celled box culvert (box culvert) with overall (gross) dimensions of about 13.9 feet (ft) wide by 105.5 ft long. The Proposed Project is currently partially funded through SB 1 and local funds. Construction is anticipated to begin in Spring 2024. During construction, Sanders Road between Larkin Road and Broadway will be closed to through traffic. However, residents that live within the closed portion of Sanders Road will still be able to access their homes and property via the Sanders Road/Broadway intersection or via Madden Avenue.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Air Quality: CARB Tier 4 Compliance
Biological Resources: Special-Status Plants Protocol, Northwestern Pond Turtle Surveys, Giant Garter Snake Protocol, Nesting Birds Surveys, Roosting Bats Surveys, Waters of the U.S./State,
Cultural Resources: Unanticipated Discoveries
Tribal Cultural Resources: Unanticipated Discoveries

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known.

Provide a list of the responsible or trustee agencies for the project.

Federal, state, and local agencies that would serve as either responsible or trustee agencies for the proposed Project include: Air Resources Board, California Highway Patrol, Caltrans District 3, Department of Conservation, CDFW Region 2, Native American Heritage Commission, Office of Historic Preservation, Public Utilities Commission, RWQCB Region 5, State Lands Commission, SWRCB, Department of Toxic Substances Control, Department of Water Resources, and US Army Corps of Engineers.
