Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Venture Charter Athletic Field Project

Lead Agency: San Joaquin County Office of Education

Contact Name: Warren Sun

Email: wsun@sjcoe.net Phone Number: (209) 468-9061

Project Location: Stockton (*City*) San Joaquin (*County*)

Project Description (Proposed actions, location, and/or consequences).

The San Joaquin County Office of Education (SJCOE) proposes to convert the existing natural grass field on San Joaquin County Assessor's Parcel Number (APN) 179-240-100-000 to synthetic turf with permanent markings for football and soccer use. The proposed project includes the development of an all-weather, 6-foot-wide walkway, new portable bleachers, and light-emitting diode (LED) sport field lighting. The project would also include 42-inch-high perimeter fencing, 20-foot-high barrier netting, pathway lighting, a new scoreboard, and a public address system. The project would provide accessible upgrades to the path of travel and parking lot, as needed.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potential construction period air quality impacts: Mitigation Measure AIR-1, measures to reduce air pollutant emissions
Potential impacts to prehistoric of historic-period archaeological deposits: Mitigation Measure CULT-1, measures to halt work in the event of an archaeological discovery
Potential impacts to human remains: Mitigation Measure CULT-2, measures to halt work and contact appropriate individuals in the event human remains are discovered
Potential expansive soils impact: Mitigation Measure GEO-1, measures to import engineered fill
Potential construction period water quality impacts: Mitigation Measure HYD-1, preparation of a SWPPP

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy have been by agencies or the public.

Provide a list of the responsible or trustee agencies for the project.
