Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Kerman Sewer System Improvements Project

Lead Agency: City of Kerman

Contact Name: Michael Barajas, Public Works Director

Email: mbarajas@cityofkerman.org Phone Number: 559-846-9386

Project Location: Kerman Fresno County
City *County*

Project Decription (Proposed actions, location, and/or consequences).

The City of Kerman is located in Fresno County, CA in the central portion of the San Joaquin Valley, just south of SR 180 and is bisected by SR 145. The proposed Project consists of approximately 5.3 discontinuous miles of sewer pipeline throughout the City of Kerman and miscellaneous improvements and repairs to the City's existing WWTP.

The Project consists of the following: 1), Rehabilitation and/or replacement of approximately 5.3 discontinuous miles of existing gravity sewer mains within the City of Kerman. And 2), Various improvements to the existing WWTP including installation of a non-potable water system; clarifier gearbox; headworks hoist system; Turbo Blowers for the Biolac system and digester; Blower building; and various other minor improvements as described in the MND.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project results less than significant impacts with mitigation incorporation to biological and cultural resources.

A brief description of mitigation measures included in the Mitigated Negative Declaration include:

Mitigation Measure Biology: Swainson's Hawk, burrowing owls and Nesting Birds: Includes preconstruction surveys, avoidance, timing of construction, and similar protection measures for protected nesting bird species.

Mitigation Measure Cultural Resources: Avoidance and/or care of undiscovered/unknown cultural resources.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None so far. A CEQA public hearing will be held on March 8, 2023.

In addition, the public, local agencies, and stakeholders will be informed via newspaper noticing and direct mailing.

Provide a list of the responsible or trustee agencies for the project.

The proposed Project will include, but not be limited to, the following regulatory requirements:

- The adoption of a Mitigated Negative Declaration by the City of Kerman
- Regional Water Quality Control Boards approval
- CA State Water Board compliance
- Air District Permits
- Compliance with other federal, state and local requirements.
