Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: Al Fresco Ordinance

Lead Agency: City of Los Angeles

Contact Name: Bonnie Kim

Email: Bonnie.Kim@lacity.org Phone Number: (213)978-1330

Project Location: City of Los Angeles
City *County*

Project Description (Proposed actions, location, and/or consequences).

The Al Fresco Ordinance would amend Sections 12.03, 12.10.5, 12.11.5, 12.12.2, 12.13, 12.13.5, 12.14, 12.21, 12.21.1, 12.22, 12.24, and 16.02.1 of LAMC to clarify & streamline Zoning Code regulations regarding outdoor dining on private property in City of LA. As proposed, outdoor dining that complies with applicable standards would be permitted as a by-right use in zones where restaurants are currently permitted. Any outdoor alcohol service would continue to require compliance with all applicable zoning regulations, as stated in an existing or new discretionary approval or in compliance with proposed new ministerial approval. Ordinance contains new zoning regulations which provide a pathway for restaurants to move forward with the approval process for outdoor dining, including restaurants who are currently offering outdoor dining on private property under the Los Angeles Al Fresco Temporary Use Authorization as well as restaurants who would like to newly expand their outdoor dining operations.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed Initial Study/Negative Declaration determined that all potentially significant environmental impacts can be less than significant.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.
