Project Title: Coyote Ridge Open Space Preserve Public Access Improvement Project

Project Location: Coyote Ridge Open Space Preserve in unincorporated Santa Clara County

Project Description: The Santa Clara Valley Open Space Authority (Authority) proposes to implement public access features in the project area and open the Coyote Ridge Open Space Preserve (CRID) to public use and dispersed, low-intensity recreation, consistent with the Management and Monitoring Plan developed for the preserve, as required by the Santa Clara Valley Habitat Plan. The project includes the establishment of an approximately 7.5-mile trail network with three rest areas and two overlooks that would connect to the main trail system via short trail segments developed to be consistent with the Architectural Barriers Act Accessibility Guidelines for Outdoor Developed Areas. Additional appurtenant features would include service vehicle pullouts, interpretive and wayfinding signage, and restoration of disturbed areas with stockpiled native soils or application of an appropriate non-irrigated seed mix (to be approved by the Habitat Agency or a qualified biologist).

The Authority prepared an Environmental Checklist and CEQA Addendum to evaluate if the proposed project is within the scope of the Santa Clara Valley Habitat Plan (Habitat Plan) Environmental Impact Report/Environmental Impact Statement (EIR/EIS), consider revisions or changes to the EIR/EIS that would expand its coverage to newly listed special-status species, and provide environmental information to the Authority. The CRID Public Access Improvement Project Checklist/Addendum was prepared for the project as a later activity covered by the Habitat Plan EIR/EIS. The Authority approved the proposed project using the Checklist/Addendum to the Habitat Plan EIR/EIS for CEQA compliance.

This Notice of Determination is to advise that the Authority Lead Agency has approved the above-described project on April 14, 2022 and has made the following determinations:

For a Checklist/Addendum to an EIR:

1. The project will not have a significant effect on the environment.
2. The CRID Public Access Improvement Project Checklist/Addendum to the Habitat Plan EIR/EIS (SCH# 2010122059) was prepared for this project pursuant to the provisions of CEQA.
3. The Habitat Plan EIR/EIS sufficiently analyzes and addresses potential environmental impacts from the project, and the project will not trigger any of the criteria requiring additional CEQA review pursuant to CEQA Guidelines Section 15162. The project will not result in new significant impacts or a substantial increase in the severity of the significant environmental impacts identified in the Habitat Plan EIR/EIS.
 - a. The project is within the Permit Area of the Habitat Plan and the project is consistent with the Covered Activities evaluated in the Habitat Plan EIR/EIS; therefore, the project is within the scope of the Habitat Plan EIR/EIS consistent with CEQA Guidelines Section 15168(c)(2), as documented in the Environmental Checklist.
 - b. Given that the Habitat Plan EIR/EIS was prepared in 2012, there are changed circumstances that require attention. Additional special-status wildlife species that were not evaluated in the Habitat Plan EIR/EIS have the potential to occur in the project area. None of the changes or revisions would result in new or substantially more severe significant environmental impacts; therefore, an Addendum has been adopted to address the special-status species that were not addressed the Habitat Plan EIR/EIS.
4. Mitigation measures and Habitat Plan Conditions of Approval from the Habitat Plan EIR/EIS were made a condition of the approval of the project; no new mitigation measures are required.
5. The implementation of applicable Habitat Plan mitigation measures and Conditions of Approval will be monitored and reported pursuant to the Mitigation Monitoring and Reporting Program.
6. Findings were made pursuant to the provisions of State CEQA Guidelines Section 15091.
7. A statement of overriding considerations was not adopted for this project, because the proposed project did not result in any significant and unavoidable environmental impacts.

Dated Received for filing at OPR:

Authority cited: Sections 21083 and 21087, Public Resources Code.
Reference: Sections 21000-21174, Public Resources Code.

The CRID Public Access Improvement Project Checklist/Addendum to the Habitat Plan EIR/EIS and record of project approval are available to the general public at 33 Las Colinas Lane, San Jose, CA 95119.
