Project Title: Headworks Site Development Project

Lead Agency: Los Angeles Department of Water and Power

Contact Name: James R. Howe

Email: james.howe@ladwp.com Phone Number: (213) 367-0414

Project Location: Los Angeles, Los Angeles
City *County*

Project Description (Proposed actions, location, and/or consequences).

The proposed project involves the development of three facilities within the HWSG property: a Water Quality Laboratory (WQL), a Direct Potable Reuse (DPR) Demonstration Facility, and a public park (Headworks Restoration Park). The proposed project would also include roads interior to the HWSG property, surface parking for staff and visitors, landscaping, pedestrian and bicycle pathways, and security lighting and fencing where required.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

BIO-1: Roosting Bat Surveys: No less than 60 days prior to initiating project activities, a qualified bat biologist shall conduct a bat roosting habitat suitability assessment of any vegetation that may be removed, altered, or indirectly impacted by the project activities.

NOI-1: Construction equipment shall be properly maintained and equipped with mufflers to manufacturer specifications.
NOI-2: Rubber-tired equipment shall be used rather than tracked equipment when feasible.
NOI-3: Equipment shall be turned off when not in use for an excess of five minutes, except for equipment that requires idling to maintain performance.
NOI-4: A public liaison shall be appointed for project construction will be responsible for addressing public concerns about construction activities, including excessive noise.
NOI-5: The public shall be notified in advance of the location and dates of construction hours and activities.

TCR-1: LADWP shall retain a tribal monitor prior to the commencement of ground-disturbing activities at the project site. The tribal monitor shall be retained from a consulting tribe that is ancestrally affiliated with the project area and qualified by their tribe to monitor tribal cultural resources.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

California Department of Fish and Wildlife
California Air Resources Board
Native American Heritage Commission
Regional Water Quality Control Board
