**FROM:** CalRecycle  
P.O. Box 4025  
Sacramento, CA 95812-4025

**Project Applicant:** Contra Costa Waste Service

**Project Title:** Concurrence in the issuance of a Revised Solid Waste Facilities Permit (SWFP) for Recycling Center and Transfer Station, SWIS No. 07-AC-0043

**Project Location:** 1300 Loveridge Road, Pittsburg, CA 94565

**Project Description:** An increase to the permitted area from 11.3 acres to 16.3 acres to allow for storage, parking, and a C&D Chipping and Grinding Activity.

**Name of Public Agency Approving Project:** Department of Resources Recycling and Recovery (CalRecycle)

**Agency Contact Person and Phone Number:** Harprit Mattu, (916) 341-6119

**Exempt Status:** Categorical Exemption – State Type and Section Number: Class 1 – Existing Facilities – Section 15301

**Reason why Project is Exempt:** This Categorical Exemption allows for the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing private facilities involving negligible or no expansion of use beyond that existing at the time of the lead agency's initial approval of the project.

Department staff made a finding that a Categorical Exemption, 14 CCR, Section 15301 – Existing Facilities will be adequate for the Department's concurrence of this revised SWFP. Staff's finding is based on review of facility operating documentation and a memorandum provided by the operator indicating that the C&D Chipping and Grinding Activity occurring in the expansion area has been occurring on site under the previous permit and is therefore not a new activity.

**Date:** July 30, 2020
