Subject: Revised NOI-A for SCH Number 2017032025
Addendum 2 to MND for CSA17 Wastewater Collection and Treatment Improvement Project

To Whom It May Concern:

The Shasta County Department of Public Works previously submitted documents for Addendum 2 to the Mitigated Negative Declaration for SCH Number 2017032025 published on February 25, 2025. Since the date of publishing, the details for the date and location of the Shasta County Board of Supervisors regular meetings have changed. The revision to the NOI-A update those details. The attached Revised NOI-A should be published with the previous records. The County will also publish the notice in the local newspaper, consistent with the initial posting that occurred prior to the Public Review Period.

As of the mailing of this letter, the County has not received any comments from the public or state agencies.

Any questions should be directed to William Miller at (530) 245-6818, or via e-mail at wmiller@shastacounty.gov.

Sincerely,

C. Troy Bartolomei, Director

**REVISED PUBLIC MEETING DATE AND LOCATION FOR THE
NOTICE OF AVAILABILITY AND INTENT TO ADOPT A SECOND ADDENDUM (ADDENDUM NO. 2)
TO A MITIGATED NEGATIVE DECLARATION BY THE SHASTA COUNTY BOARD OF SUPERVISORS**

NOTICE IS HEREBY GIVEN that Shasta County has prepared a second Addendum (Addendum No. 2) to a previously adopted Mitigated Negative Declaration (MND) pursuant to the California Environmental Quality Act (CEQA) for the project described herein. Based on a preliminary analysis, the Shasta County Board of Supervisors (Board), as lead agency, intends to adopt Addendum No. 2 at their regularly scheduled meeting of **Tuesday, May 13, 2025**, with the session commencing at 5:30 PM, or as soon thereafter as possible, at the **Shasta Lake City Council Chambers located at 4488 Red Bluff Street, Shasta Lake City**, California.

Project Applicant: Shasta County Department of Public Works.

Project Title: Shasta County Service Area 17 (CSA 17) Wastewater Collection and Treatment Improvement Project.

Project Description: Shasta County adopted a MND for the project on April 18, 2017 (State Clearinghouse No. 2017032025). The MND addressed sewer system improvements in the unincorporated community of Cottonwood. Following adoption of the MND, the County determined that revisions to the project were required, including improvements to the Crowley Creek Lift Station, replacing additional sewer mains, and repairing additional manholes; an Addendum (Addendum No. 1) for these improvements was adopted on August 2, 2022. The County has identified an additional ~140 linear feet of sewer main that needs to be replaced; proposed Addendum No. 2 addresses these improvements. The improvement areas are not included on any list of hazardous waste facilities/sites pursuant to Section 65962.5 of the California Government Code.

Project Location: The proposed sewer main replacement is located generally west of Brush Street, east of Main Street, south of Third Street, and north of Second Street in the community of Cottonwood. The sewer main would extend from a manhole in Brush Street to a manhole in the alleyway to the west.

Information Availability: The proposed Addendum No. 2 to the MND and associated documents are available for review at the following locations:

Shasta County Public Works Department

1855 Placer St.
Redding, CA 96001
(Monday – Friday from 8:00 AM – 5:00 PM)

Electronic copies are available on the State Clearinghouse CEQANet website:

<https://ceqanet.opr.ca.gov/Project/2017032025>.

Public Review Period: The public review period started on March 1, 2025, and ended on March 31, 2025. All interested parties were encouraged to submit written comments during the public review period.
