- The Laguna Ridge Specific Plan EIR (SHC# 2000082139) and Laguna Ridge Town Center Subsequent EIR (SCH# 2007082169) were prepared and certified for pursuant to the provisions of CEQA.
- Pursuant to Section 15168(c)(2) the Planning Department finds that the Project, as proposed, does not present any new environmental effects or mitigation measures required beyond the scope of those analyzed in the Laguna Ridge Specific Plan EIR (SHC# 2000082139) and Laguna Ridge Town Center Subsequent EIR (SCH# 2007082169).
- Mitigation measures from the previously certified EIRs applicable to this project were made a condition of approval of this project.
- Mitigation Monitoring and Reporting Plans were adopted as part of the Laguna Ridge Specific Plan EIR (SHC# 2000082139) and Laguna Ridge Town Center Subsequent EIR (SCH# 2007082169) and would be applicable to this project.
- Findings were made pursuant to the provisions of the California Environmental Quality Act (CEQA).

This is to certify that the Environmental Impact Reports are available to the General Public at:

**Subject:** Filing of Notice of Determination in compliance with Section 21152 of the Public Resources Code and Section 15094 of the California Environmental Quality Act Guidelines

**Project Location and Description**

The Laguna Ridge Town Center project site is located in the Laguna Ridge Specific Plan (LRSP) and consists of nine vacant parcels totaling 95.3 acres situated at the southeast corner of Elk Grove Boulevard and Bruceville Road. The project consists of a *Specific Plan Amendment* to change the land use designations from Medium Density Residential/10 dwelling units per acre (RD-10) and Medium Density Residential/15.1 dwelling units per acre (RD-15) to High Density Residential/20 dwelling units per acre (RD-20) and Shopping Center (SC), and Rezone from RD-10 and RD-15 to RD-30 and SC to be consistent with the Laguna Ridge Specific Plan.

**Lead Agency Action**

On June 25, 2008, the Elk Grove City Council, as Lead Agency, certified the Final Subsequent Environmental Impact Report (SEIR) (consisting of the Draft SEIR, comments and responses to comments on the Draft SEIR, and minor edits to the Draft SEIR), pursuant to the California Environmental Quality Act (CEQA), and approved Laguna Ridge Town Center project. As part of the certification of the SEIR, the Elk Grove City Council took the following actions:

- Certified that the Final SEIR had been prepared and completed in compliance with CEQA.
- Made findings that the mitigation measures described in the Final SEIR are feasible. A Mitigation Monitoring and Reporting Program (MMRP) which includes all the mitigation measures was adopted, and compliance with the mitigation measures in the adopted MMRP was made a condition of project approval, and therefore become binding upon the Laguna Ridge Town Center project.
- Made findings pursuant to Section 15091 of the CEQA Guidelines.

- Adopted a Statement of Overriding Considerations regarding the significant and unavoidable impacts associated with implementation of the Laguna Ridge Town Center project.

**Environmental Effects**

The City Council found that the Laguna Ridge Town Center project would have a significant effect on the environment. Significant and unavoidable environmental impacts identified in the Final SEIR are summarized below:

- Air Quality (conflict with the SMAQMD operational emissions thresholds, cumulatively considerable net increase of criteria pollutants: Ozone and PM<sub>10</sub>).
- Noise (potential medical office land uses could result in substantial increases in ambient noise levels that could exceed the City's noise standards).
- Traffic and Circulation (cumulative increase the volume to capacity ratio on Elk Grove Boulevard, Wymark Drive, and Big Horn Boulevard, and the addition of project traffic to cumulative no project volumes increasing the average delay at multiple intersections in the project vicinity).

The City has adopted a Statement of Overriding Considerations, pursuant to Section 15093 of the CEQA Guidelines.

**Availability of the Final SEIR and Record of Project Approval**

This is to certify that the Final SEIR with comments and responses and record of project approval is available to the General Public at the following location:
