Subject: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

Addendum to the Facilities Master Plan Program Environmental Impact Report for the
CCWRF Facility Asset Management and Improvement Project

Project Title

SCH#2016061064
State Clearinghouse Number

Mr. Pietro Cambiaso
Lead Agency Contact Person

(909) 993-1639
Telephone Number

Project Location

The project area is located along the southern side of Chino Hills Parkway, east of the intersection of Chino Hills Parkway and Monte Vista Avenue, in the city of Chino, San Bernardino County, California. The project consists of a field survey of approximately 3.1 acres of heavily altered land located within the Inland Empire Utilities Agency Carbon Canyon Water Recycling Facility. The project area is on the north side of Chino Creek, south of Chino Hills Parkway, east of Monte Vista Avenue, and west of Telephone Avenue.

Project Description

In March 2017, IEUA certified the Facilities Master Plan Program Environmental Impact Report (PEIR). The PEIR evaluated the potential environmental impacts associated with all of IEUA's Master Plans. Among the identified projects for consideration was a capital improvement project, Project No. EN17006, at Carbon Canyon Water Recycling Facility (CCWRF). The 2015/2016 Asset Management Plan (AMP) provided the basic information used to evaluate the CCWRF improvements in the PEIR. During design, additional asset improvements were deemed vital to address critical replacements of gates and the bridge crane system for the tertiary treatment. Since the tertiary treatment improvements were not included in the PEIR or the AMP, further evaluation of the PEIR was needed to confirm compliance with CEQA.

Tom Dodson & Associates implemented a second-tier project evaluation and found the evaluation does not alter the conclusions contained in the PEIR document, no further analysis of the environmental impacts of the proposed modified project is required in a follow-on Negative Declaration or Supplemental/Subsequent environmental impact report. The recommendation is to adopt an Addendum to the certified PEIR to include the findings from the second-tier project evaluation and certify the Addendum.
