Project Description: (please use a separate page if necessary)

The proposed modification to the approved Valley Fill Project involves expansion of the current 25,000 ton per year green waste windrow composting facility and development and operation of a covered aerated static pile (CASP) green waste and food waste compost facility to comply with California's Short-Lived Climate Pollutant Reduction Strategy organic waste disposal targets.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
