Project Description: (please use a separate page if necessary)

A high priority sewer rehabilitation project in WVSID's service area. The existing clay sewer lines were installed in the 1950's and 1960's and require replacement. Over 14,000 feet of these sewer lines in WVSID subbasins Q3 and Q4 will be rehabilitated using various construction techniques. Rehabilitation activities will occur in residential areas of the City of Saratoga.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
