

# WEST VALLEY SANITATION DISTRICT

## NOTICE OF DOCUMENT AVAILABILITY AND INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

**NOTICE IS HEREBY GIVEN** that a Mitigated Negative Declaration has been prepared for West Valley Sanitation District's Quito Basins Q3 and Q4 Sanitary Sewer Rehabilitation Project (Project) within the City of Saratoga, and is available for public review and comment.

**PUBLIC REVIEW AND COMMENT PERIOD:** November 6 through December 7, 2020. Please send all comments to Alan Kam, West Valley Sanitation District, 100 East Sunnyoaks Avenue, Campbell, California 95008-6608.

**PROJECT LOCATION AND DESCRIPTION:** The Project is a high priority sewer rehabilitation project in WVSD's service area. The existing clay sewer lines were installed in the 1950s and 1960s and require replacement. Over 14,000 feet of these sewer lines in WVSD Subbasins Q3 and Q4 will be rehabilitated using various construction techniques. Rehabilitation activities will occur in residential areas of the City of Saratoga.

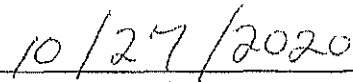

**INITIAL STUDY:** An Initial Study was prepared to determine if the proposed Project would result in significant adverse impacts on the environment. That document concluded that while several potential adverse environmental impacts could result from the Project, measures could be used to effectively mitigate these impacts. Accordingly, it has been determined that a Mitigated Negative Declaration is appropriate for the Project.

**TO REVIEW DOCUMENT:** Copies of the Initial Study and proposed Mitigated Negative Declaration can be reviewed at the West Valley Sanitation District, 100 East Sunnyoaks Avenue, Campbell, California, or downloaded from the District's website at [www.westvalleysan.org](http://www.westvalleysan.org). All written comments on the proposed Mitigated Negative Declaration must be submitted no later than the December 6, 2020 deadline.

**PUBLIC HEARING:** The West Valley Sanitation District Board of Directors will conduct a public hearing to receive oral comments and for considering adoption of the Mitigated Negative Declaration at a regularly scheduled meeting on January 13, 2021, beginning at 5:00 p.m.

**TOXIC SITES:** The Project site is not included as a toxic site as enumerated under Section 65962.5 of the California Government Code.
