## Central Valley Regional Water Quality Control Board

### California Environmental Quality Act Notice of Determination in compliance with Section 21008 or 21152 of the Public Resources Code

**To:** Office of Planning and Research  
P.O. Box 3044  
Sacramento, CA 95812-3044

**From:** California Regional Water Quality Control Board  
Central Valley Region, Redding Office  
364 Knollcrest Drive, Suite 205  
Redding, CA 96002

**Date:** 24 December 2021

**State Clearinghouse Number:** 1999062020

**Project Title:** 4B/7 16<sup>th</sup> Street Shared Sewer #09 Project  
(Infrastructure Segment K) (WDID 5A31CR00563)

**Project Location - Specific:** The Project is located east of Palladay Road, north of Dyer Lane, and south of Baseline Road in western Placer County. The nearest city is the City of Roseville. The Project is located in the following township/range: Section 10, Township 10 North, Range 05 East, MDB&M. The Project coordinates are as follows: Latitude: 38.741° and Longitude: -121.428°.

**Project Location - County:** Placer County

**Name of Applicant:**

Rick Langdon  
Placer Vineyards Central Group, LLC  
c/o Kent MacDiarmid  
1079 Sunrise Avenue, Suite B-317  
Roseville, CA 95661

**Description of Nature, Purpose, and Beneficiaries of Project:**

The Project consists of the backbone infrastructure required for the development of the Placer Vineyards Specific Plan on 1.54 acres requiring the fill of 0.014 ephemeral drainage and 0.087 acre of vernal pool.

The initial phase of work within the Project Area will be the construction of the maintenance road and sewer line. In order to construct the maintenance road and sewer line, the flow of the ephemeral drainage onsite will be redirected through the construction

of a manmade ditch. The eventual full build out of Segment K will include the construction of future South Town Drive.

The Project includes an approximately 403-foot stretch of 15-inch sanitary sewer line to be buried and an associated 14-foot-wide, 90-foot-long temporary maintenance road above. The ephemeral drainage in the Project area will be redirected through grading and the construction of a new drainage ditch. A new approximately 44-linear-foot culvert of 36-inch corrugated metal pipe will be installed to divert water under the proposed maintenance road. Construction staging areas and access ways will be located in upland areas at least 20 feet from aquatic features.

**Name of Public Agency Approving Project:**

This is to advise that the Central Valley Regional Water Quality Control Board, as Responsible Agency, has approved the above described project on 23 December 2021 and has made the following determinations regarding the above described project:

1. The Central Valley Regional Water Quality Control Board considered the Environmental Impact Report as prepared by the Lead Agency.
2. The project will have a significant impact on the environment.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A Statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

The final EIR with comments and responses is available to the general public at: [County of Placer - Placer Vineyards Specific Plan - Environmental Impact Report](https://www.placer.ca.gov/3566/Environmental-Impact-Report) (<https://www.placer.ca.gov/3566/Environmental-Impact-Report>).

The record of project approval is available to the general public at: [Central Valley Regional Water Quality Control Board's Adopted Orders Web page](https://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/401_wq_certs/) ([https://www.waterboards.ca.gov/centralvalley/board\\_decisions/adopted\\_orders/401\\_wq\\_certs/](https://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/401_wq_certs/)).
