Dist.-Co.-Rte. (or Local Agency) P.M:0.0/4.4; 0.2/0.6 E.A/Project No. Federal-Aid Project No. (Local Project)/Project No.		
PROJECT DESCRIPTION: (Briefly describe project including need, purpose, location, limits, right-of-way requirements, and activities involved in this box. <i>Use Continuation Sheet, if necessary.</i>)		
The California Department of Transportation (Caltrans) proposes to install flashing beacons with Type 15-FBS standard with R1-1, W4-4P, W13-1P and W2-1 signs on State Route 269 at Avenal Cutoff Road and Interstate 5 North of Route 269 in Fresno County. This work includes removing existing wood post, salvaging the existing signs, pouring new foundations, and erecting Type 30 (depth 7 feet foundation) and 15-FBS (6.5 feet foundation) poles for the light and flashing beacons. The proposed project will also be trenching (approximately depth of 2.5 feet) along State Route 269 and boring from Route 269 and Avenal Cut Off road to supply power to the flashing beacons and lighting as well as boring crossing the Interstate 5 off ramp towards on the west side for conduit. All work is to occur within the existing Caltrans ROW. No additional right of way is required.		
CEQA COMPLIANCE (for State Projects only)		
Based on an examination of this proposal and supporting information, the following statements are true and exceptions do not apply (See 14 CCR 15300 et seq.):		
<ul style="list-style-type: none"> • If this project falls within exempt class 3, 4, 5, 6 or 11, it does not impact an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law. • There will not be a significant cumulative effect by this project and successive projects of the same type in the same place, over time. • There is not a reasonable possibility that the project will have a significant effect on the environment due to unusual circumstances. • This project does not damage a scenic resource within an officially designated state scenic highway. • This project is not located on a site included on any list compiled pursuant to Govt. Code § 65962.5 ("Cortese List"). • This project does not cause a substantial adverse change in the significance of a historical resource. 		
CALTRANS CEQA DETERMINATION (Check one)		
<input type="checkbox"/> Not Applicable – Caltrans is not the CEQA Lead Agency <input type="checkbox"/> Not Applicable – Caltrans has prepared an Initial Study or Environmental Impact Report under CEQA		
<input type="checkbox"/> Exempt by Statute. (PRC 21080[b]; 14 CCR 15260 et seq.) Based on an examination of this proposal, supporting information, and the above statements, the project is:		
<input checked="" type="checkbox"/> Categorically Exempt. Class 1. (PRC 21084; 14 CCR 15300 et seq.)		
<input type="checkbox"/> Categorically Exempt. General Rule exemption. [This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (CCR 15061[b][3].)]

NEPA COMPLIANCE		
In accordance with 23 CFR 771.117, and based on an examination of this proposal and supporting information, the State has determined that this project:		
<ul style="list-style-type: none"> • does not individually or cumulatively have a significant impact on the environment as defined by NEPA, and is excluded from the requirements to prepare an Environmental Assessment (EA) or Environmental Impact Statement (EIS), and • has considered unusual circumstances pursuant to 23 CFR 771.117(b). 		
CALTRANS NEPA DETERMINATION (Check one)		
<input type="checkbox"/> 23 USC 326: The State has determined that this project has no significant impacts on the environment as defined by NEPA, and that there are no unusual circumstances as described in 23 CFR 771.117(b). As such, the project is categorically excluded from the requirements to prepare an EA or EIS under the National Environmental Policy Act. The State has been assigned, and hereby certifies that it has carried out the responsibility to make this determination pursuant to Chapter 3 of Title 23, United States Code, Section 326 and a Memorandum of Understanding dated May 31, 2016, executed between the FHWA and the State. The State has determined that the project is a Categorical Exclusion under:		
<input type="checkbox"/> 23 CFR 771.117(c): activity (c) () <input type="checkbox"/> 23 CFR 771.117(d): activity (d)(___) <input type="checkbox"/> Activity ___ listed in Appendix A of the MOU between FHWA and the State		
<input type="checkbox"/> 23 USC 327: Based on an examination of this proposal and supporting information, the State has determined that the project is a Categorical Exclusion under 23 USC 327. The environmental review, consultation, and any other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by Caltrans pursuant to 23 USC 327 and the Memorandum of Understanding dated December 23, 2016 and executed by FHWA and Caltrans.

CATEGORICAL EXEMPTION/CATEGORICAL EXCLUSION DETERMINATION FORM

Continuation Sheet

06-FRE-269, I-5	06-0V950/0617000073
Dist.-Co.-Rte. (or Local Agency) P.M:0.0/4.4; 0.2/0.6	E.A/Project No. Federal-Aid Project No. (Local Project)/Project No.

Continued from page 1:

Hazardous Waste Special Provision

- A lead compliance plan is required. The estimated cost to include the LCP is \$3,000.
- Standard Special Provision (SSP) 7-1.02K(6)(j)(iii) Earth Material Containing Lead and 14-11.14 for treated wood waste shall be added to the construction contract.

Water Quality

- If the project disturbs less than one acre of soil, a Water Pollution Control Plan (WPCP) is required to be prepared by the contractor following the Caltrans 2018 Standard Specification Section 13-1 – Water Pollution.

Noise

- Short term construction noise impacts need to be addressed in accordance with Caltrans Standard Specs section 14-8.

Air

A Dust Control Plan (DCP) is needed if at least 2,500 cubic yards of material are moved in a day for at least three days of the project or 5 or more acres of land will be disturbed during construction. A non-standard special provision will need to be included in the project specifications if a Dust Control Plan is needed.

Paleontology

- If unanticipated fossil discovery occurs during construction, Specification 14-7.03 of the 2018 Standard Specifications identifies the procedures required to protect the resource.

Biology

If construction occurs within the nesting season, February 1 to September 30 then:

- 1) Pre-construction survey 15 days prior to the start of construction.
- 2) Worker Environmental Awareness Training.
