Lead Agency Project Title: Revisions to the Kern County Zoning Ordinance – 2020 (A), Focus on Oil and Gas Local Permitting

Project Activity Title: Caleco UIC 464-00-0018

Permit Applicant: Caleco LLC

Project Location: Midway-Sunset Oil Field

County: Kern Section: 8 Township: 11N Range/Baseline: 23W/MD B&M

Latitude/Longitude: << >>

Project Description:

The project activity is within the scope of Title 19, Chapter 19.98 of Kern County Zoning Code (Oil and Gas Production), which dictates site development standards for all oil and gas exploration, extraction, operations, and production activities in unincorporated Kern County. The Geologic Energy Management Division (CalGEM), as the CEQA responsible agency, will be issuing a permit for the proposed project activity, which consists of the following:

Caleco LLC has applied for a permit for a new underground injection project to convert two idle wells, Wellington-Maricopa 2 (API 02935909) and Wellington-Maricopa 5 (02935912) into Class II water flood injection wells. The wells will reinject produced water back into the original zone of production. The conversion will stimulate production and contribute reservoir pressure that has been depleted over several decades of drawdown. No other wells will be drilled, plugged, or abandoned as part of this project.

Details on well locations are online at: <https://www.conservation.ca.gov/calgem/Pages/Wellfinder.aspx>
