LORELEI OVIATT, AICP, Director  
Kern County Planning and Natural Resources Department

**PERMIT NO: PLN22-00816**

The purpose of the County Oil and Gas Permit is to provide Land Use Approval only. No work associated with this Permit can commence until all necessary State or federal permits have been obtained.

**PERMIT ACTIVATION:**

The following actions are required to activate this Permit:

- 1) The applicable California Geologic Energy Management Division (CalGEM) permit must be obtained and submitted to this Department;
- 2) Commencement of onsite activities associated with this Permit.

During the construction of the activities associated with this permit the applicant shall be required to be in compliance with any applicable Mitigation Measures and the requirements of this Chapter.

This Department shall be notified in writing when onsite activity commences.

**CLOSING OF PERMIT:**

Upon the completion of work associated with this permit the applicant shall provide, within 30 days, the following:

- 1) A self-certified statement stating compliance Chapter 19.98 of the Kern County Zoning Ordinance;
- 2) A signed copy of this Job Card.

**Please note that once onsite activities associated with this permit has commenced, there will be no refund of processing or mitigation fees.**

**FINAL SIGN OFF** By providing your name, signature, and date on this job card you attest to the fact that you as the applicant or representative thereof, have completed the project listed on this document in accordance with the terms of self-certification per Section 19.08.130 of the Kern County Zoning ordinance as stated above.

You also agree to return a signed copy of this Inspection Record Job Card in digital or hard copy format to the Kern County Planning and Natural Resources Department within 30 days of job completion to allow County staff the opportunity to verify all required conditions of approval, mitigation measures, and development standards have been satisfied prior to final sign off of this permit.
