<sup>1</sup>These appendices were created and published prior to the change in State Clearinghouse CEQA filing requirements developed by the CA Governor's Office of Land Use and Climate Innovation (formerly known as the CA Governor's Office of Planning and Research (OPR) to have all CEQA document PDF files submitted to the State Clearinghouse be created with an Optical Character Recognition (OCR) compliant format and submitted electronically via CEQA Submit, and thus due to technological limitations they cannot be accurately formatted post-hoc to meet the current OCR filing requirement. As an alternative, these documents are being made available for download as PDF files at Kern County's Kern County's Oil and Gas Permitting website location listed on this page. The appendices are also available through the previous 2020 Supplemental Recirculated EIR submittal (Revisions to Title 19 - Kern County Zoning Ordinance (2020A) Focused on Oil and Gas Local Permitting) on CEQAnet. These documents are also available via USB Flash Drive through the Kern County Planning and Natural Resources Department; contact Keith Alvidrez, Planner II – Advanced Planning Division, by phone at 661-862-5015 or email at [alvidrezk@kerncounty.com](mailto:alvidrezk@kerncounty.com) for more information.
