**Notice of Determination**

AUG 15 2019

STATE CLEARINGHOUSE

To: Yolo County Clerk  
625 Court Street  
Woodland, CA 95695

Subject: Notice of Determination in compliance with Section 21108 or 21152  
of the Public Resources Code.

Project Title: County Road 29 Bridge Replacement Project over Dry Slough

State Clearinghouse Number: 2016112031

Applicant: Yolo County  
292 W. Beamer St.  
Woodland, CA 95695

Owner: Yolo County

Project Location: The project is located in Yolo County on County Road (CR) 29 approximately 0.75 miles west of CR 98 near Plainfield Station. The project area is located on the Merritt, California 7.5 minute U.S. Geological survey (USGS) quadrangle in Township 9 North, Range 1 East, Section 25 and 36.

Project Description:

An Initial Study/Mitigated Negative Declaration (IS/MND) was prepared for the proposed replacement of the structurally deficient CR 29 Bridge over Dry Slough Bridge Number 22C-0117, with a new bridge meeting current standard for design, construction, and maintenance. Compliance with the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA) is required to qualify for funding through the Federal Highways Administration. A Natural Environmental Study-Minimal Impacts in accordance with NEPA, has been approved by Caltrans for this project.

The existing bridge will be replaced with an approximately 60 foot long, single span cast-in-place post tensioned concrete slab bridge skewed approximately 33 degrees. The bridge foundation will consist of driven Caltrans Class 140 14" diameter steel pipe piles. The bridge will be designed to meet AASHTO guidelines, as well as current Caltrans and Yolo County standards.

This is to advise that the Yolo County, Public Works Director has adopted a Mitigated Negative Declaration for the above-described project on January 10, 2017, and has made the following determinations regarding the above-described project:

1. The project will not cause a new significant effect on the environment or substantially increase the severity of a previously identified significant environmental effect.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA and adopted by the County.
3. Mitigation measures were made a condition of the approval of the project and a Mitigation Monitoring and Reporting Program was adopted concurrently.
4. A statement of Overriding Considerations was not adopted for this project.

This is to certify that the Initial Study Mitigated Negative Declaration and record of project approval is available to the General Public for review at the Yolo County Community Services Department located at 292 W Beamer Street, Woodland, California.
