Project Title: Standby Power Generation System Upgrade Project

Project Applicant: Union Sanitary District

Project Location (include county): Alvarado WWTP, Union City, Alameda County

Project Description: The Project will replace six existing standby engine generators in a new building containing two new minimum rated 3.5 megawatt (MW) standby engine generators, with room for two future engine generators, and associated electrical equipment; aboveground diesel fuel storage; a future battery storage area; a new electrical substation with electrical connection to new generators; and demolition of selected structures and equipment at the Alvarado Wastewater Treatment Plant (WWTP). These improvements will serve to replace aging standby generators and auxiliary equipment and to adequately supply reliable standby power to existing plant electrical loads for peak demand periods and to facilitate future standby power improvements.

This is to advise that the Union Sanitary District has approved the above
