Reasons Why Project is Exempt:

CVFPB staff has determined that the project is exempt from CEQA under the Class 1, Existing Facilities categorical exemption; and Class 3, New Construction or Conversion of Small Structures (CEQA Guidelines Sections 15301 and 15303), because the activity consists of the installation of small electrical new equipment (fiber optic cable) between existing Caltrans pull boxes and to install fiber optic cable across the bridge through existing conduits embedded into the bridge barrier. Further, none of the exceptions to the exemption in CEQA Guidelines § 15300.2 apply.
