State Clearinghouse
P.O. Box 3044, 1400 Tenth Street, Room 212
Sacramento, CA 95812-3044

From: Department of Toxic Substances Control
Permitting Division
8800 Cal Center Drive
Sacramento, CA 95826

Subject: Filing of Notice of Determination in Compliance with Section 21108 of the Public Resources Code

Project Title: Class 1* Permit Modification for HGST, INC. (Hitachi Campus and Mixed-Use Transit Village Project)

State Clearinghouse Number: 2004072110

Project Location: 5601 Great Oaks Parkway, San Jose, CA 95119

County: Santa Clara County

Project Applicant: Denise Lloyd Senior Manager, HGST, Inc

Project Description: The California Department of Toxic Substances Control (DTSC), pursuant to authority granted under California Health and Safety Code Chapter 6.5 and California Code of Regulations, Title 22, Division 4.5, Chapter 20, proposes to approve a Class 1* Permit Modification (Modification) for the Hazardous Waste Facility Permit. The purpose of the permit modification is to extend the closure period for 25 tanks.

The HGST Inc. facility is used for designing, developing and manufacturing computer storage devices. The processes utilized in these operations include photolithography, vacuum deposition, electroplating, chemical and vacuum etching, and precision machining. In January 2006, HGST consolidated its operations into the 158-acre central production area of the site (internally referred to as the Core Campus and initiated plans to redevelop the remainder of the previous campus for mixed commercial/residential occupancy (internally referred to as the Redevelopment Area). The environmental impacts of the consolidation and redevelopment were addressed in the Integrated Final Environmental Impact Report (IFEIR) for the Hitachi Campus and Mixed-Use Transit Village Project (State Clearinghouse No. 2004072110). The permit modification is for an extension of the closure period that originally was set to expire on August 17, 2020. The permit modification will extend the closure period for the 22 tanks to September 15, 2020. The permit modification will extend the closure period for 3 tanks to December 31, 2020. HGST must submit a certification of closure report in accordance with CCR, title 22, section 66264.115.

As Responsible Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on September 3, 2020, and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of project approval by DTSC.
4. A Statement of Overriding Considerations was not adopted for this project by DTSC.
5. Findings were not made pursuant to the provisions of CEQA by DTSC.

The administrative record for this project is available to the public by appointment at the following location:
