SUBJECT: *Filing of Notice of Determination pursuant to Public Resources Code section 21108*

State Clearinghouse Number: 2016112028

Project Title Calloway Water Diversion and Stream Crossings Project (Lake or Streambed Alteration Agreement No. 1600-2019-0745-R1)

Project Location: The project to be completed is located within the Navarro River watershed, approximately 4.4 miles north of the town of Boonville, County of Mendocino, State of California. The project is located in Section 14, T14N, R14W, Mt. Diablo Base and Meridian; in the Boonville U.S. Geological Survey 7.5-minute quadrangle; Mendocino County Assessor's Parcel Number 046-550-86 at the Point of Diversion (POD) and Place of Use (POU) and 046-550-87 at the other POU; latitude 39.0729 N and longitude 123.3629 W at the POD.

Project Description: The project is limited to four encroachments (Table 1). One encroachment is for water diversion from an unnamed tributary to Indian Creek. Water is diverted for irrigation. Work for the water diversion will include use and maintenance of the water diversion infrastructure. Infrastructure may need to be modified so that it is consistent with the measures in this Agreement. Two other proposed encroachments are to maintain existing stream crossings with hand tools. The final proposed encroachment is to upgrade a failing and undersized stream crossing. Work for this encroachment will include excavation, removal of the failing crossing, replacement with a new properly sized crossing, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion.

The Permittee has disclosed a water well located at approximately 39.0664, -123.3658. The well's potential for hydraulic connectivity to streams was not addressed in the Notification by a professional hydrogeologist licensed in the state of California and the Department has not evaluated this well.

No other projects that may be subject to FGC1602 were disclosed. This Agreement does not retroactively permit any stream crossings, water diversions or other encroachments not described in Table 1.

This is to advise that CDFW, acting as the Lead Agency / a Responsible Agency approved the above described project and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. A mitigated negative declaration / negative declaration was prepared for this project pursuant to the provisions of CEQA.
CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A Statement of Overriding Considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to Public Resources Code section 21081, subdivision (a).

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record related to the Lake or Streambed Alteration Agreement is available to the public for review at CDFW's regional office.
