**NOD Correction for 2016112028 – NOD – Krueger Stream Crossing Project, or Streambed Alteration Agreement No. EPIMS-MEN-29636-R1C**

Dear State Clearinghouse:

On February 21, 2023, the California Department of Fish and Wildlife (CDFW) submitted 2016112028 – NOD - Krueger Stream Crossing Project, or Streambed Alteration Agreement No. EPIMS-MEN-29636-R1C and the corresponding Notice of Determination (NOD) document. It has recently come to our attention that this document had an error on it, with item 4 having been incorrectly marked as having a mitigation reporting or monitoring plan adopted by CDFW for this project. It should instead have been marked as a mitigation or monitoring plan was not adopted by CDFW for this project. The corrected NOD is attached to be uploaded to the State Clearinghouse website. Additionally, this change should be reflected in the Notice of Determination section for this submittal.

Sincerely,

DocuSigned by:
