**Project Title:** Gerber Creek Outfall (Streambed Alteration Agreement EPIMS Notification No. SAC-55399-R2)

**Project Location (include county):** The project is located at Gerber Creek, in the County of Sacramento, State of California; Latitude 38.48439° North, Longitude 121.36471° West.

**Project Description:** The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement EPIMS Notification Number SAC-55399-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, DPS Construction.

The project consists of excavating a section of the upper bank of a channelized reach of Gerber Creek to pour in place and install a concrete headwall to contain the outfall end of a twenty-four (24) inch diameter pipe conveying stormwater runoff from a nearby development. A standard design trash rack will be installed over the end of the discharge pipe and rock slope protection will be placed below the discharge point to protect the bank of the creek and dissipate discharge flows from the pipe into Gerber Creek.

This is to advise that CDFW, acting as a Responsible Agency, executed the above Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were made by CDFW pursuant to California Code of Regulations section 15091.

**Notice of Determination**

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
