ADDENDUM #1 GOLDEN HILLS WASTEWATER TREATMENT SYSTEM IMPROVEMENT PROJECT
Project Title

#2016011006	Ms. Susan Wells	(661) 822-3064
State Clearinghouse Number	Lead Agency Contact Person	Area Code/Telephone/Extension

Project Location: The Project is located in the unincorporated Kern County community of Golden Hills, which is located in the Tehachapi Mountains between the San Joaquin Valley and the Mojave Desert immediately west of the City of Tehachapi. The community of approximately 8,600 residents (as of the 2010 U.S. Census) encompasses approximately 12 square miles at an approximate elevation of 3,900 feet above mean sea level. The Golden Hills Sanitation Company (GHSC or Company) Wastewater Treatment Plant (WWTP) is located at Monroe Lane-Utility Extension, Old Camp Road in a portion of Section 7, T32S, and R33E (referenced from the Mount Diablo Base and Meridian, or MDB&M), on approximately 0.5 acres, approximately 5 miles west of the City of Tehachapi.

Project Description: The Golden Hills Community Services District (District) approved the rehabilitation of the existing public sewer collection system and wastewater treatment plant (WWTP) in 2016. In order to reduce costs, the District seeks to install a passive solar electricity generation system on ~0.4 acres of land adjacent to the WWTP site. Since this facility was not evaluated in the original certified EIR, an Addendum has been prepared to assess the potential for additional adverse impacts from this addition to the Rehabilitation project. No additional significant adverse impacts were identified and the District concluded that an Addendum is the appropriate level CEQA evaluation for this minor project addition.

This is to advise that the Golden Hills CSD has approved the above described project on Lead Agency Responsible Agency

5-16-19 and has made the following determination regarding the above described project:
(Date)

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of the project and a Mitigation Monitoring and Reporting Plan was adopted.
4. A Statement of Overriding Considerations [was was not] adopted for this project.

This is to certify that the Environmental Impact Reports and record of project approval is available to the general public at:
