 Air Quality Forest Land/Fire Hazard Septic Systems Water Supply/Groundwater
 Archeological/Historical Geologic/Seismic Sewer Capacity Wetland/Riparian
 Biological Resources Minerals Soil Erosion/Compaction/Grading Growth Inducement
 Coastal Zone Noise Solid Waste Land Use
 Drainage/Absorption Population/Housing Balance Toxic/Hazardous Cumulative Effects
 Economic/Jobs Public Services/Facilities Traffic/Circulation Other: _____

Present Land Use/Zoning/General Plan Designation:

General Plan land use designation of Tustin Legacy Specific Plan (TLSP) and zoned SP 1- Tustin Legacy

Project Description: (please use a separate page if necessary)

The proposed SPA would amend Neighborhood D South, D North, and G (Planning Areas 8,13-14, and 15) to increase the allowed residential capacity to be consistent with the 2021-2029 Housing Element Update (HEU). The proposed upzoning would add a total of 855 additional residential units to the existing residential capacity of the TLSP. The HEU also included 1,356 buffer units that are intended to make up for any potential units that are not developed on the other HEU sites. Therefore, a total of 2,211 units have been incorporated into the residential caps of the TLSP Neighborhoods D North, D South, and G. The provision for density bonus is applicable to the TLSP area, and therefore, the application of density bonus has been analyzed through the addition of 2,759 units. Together, the HEU RHNA units, buffer units, and density bonus units total an additional 4,970 units that are analyzed in the Draft Supplemental Environmental Impact Report.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
