Project Location (include county): The project is located on a segment of Bradley Road approximately between Potomac Drive and Rio Vista Drive in the City of Menifee in Riverside County.

Project Description: The project would replace an existing low-flow crossing with a 335-foot long, 64-foot wide bridge across Salt Creek. The bridge would have a 12-foot median, two 12-foot wide travel lanes (one in each direction), 8-foot shoulders on both sides (which serve as Neighborhood Electric Vehicle/Class II bicycle lanes), and 5-foot pedestrian sidewalks on both sides with tubular hand railings. The bridge would be raised approximately 12 feet above Salt Creek at the bridge's highest point. Shielded, downward facing lighting would be installed along the length of the bridge. Improvements to Bradley Road to the north and south of the bridge would entail grade changes to ramp up and down to the bridge abutments.

This is to advise that the California Transportation Commission has approved the above-described

(Lead Agency / Responsible Agency)
