RE: SCH #2001011074

The East Los Angeles Area office of the California Highway Patrol (CHP) received the “Notice of Completion” of the environmental impact document for the proposed Monterey Park Focused General Plan Update Project for State Clearinghouse (SCH) #2001011074. After review, we have concerns with the potential impact this project could have on traffic congestion.

The June 2019 *Focused General Plan Update Draft Environmental Impact Report* specifically addresses numerous locations within our jurisdiction. The report documents “Significant Unavoidable Impact” to traffic at locations within our jurisdiction. We are hopeful that project managers will work diligently with CHP to establish, monitor, and provide traffic control methods that will mitigate congestion on these already heavily congested locations.

Should you have any questions, or if we can be of further service, please do not hesitate to contact our office at (323) 980-4600.

Sincerely,

A handwritten signature in blue ink, appearing to read "S. SUAREZ".

S. SUAREZ, Captain  
Commander  
East Los Angeles Area
