Project Applicant: City of Long Beach, Development Services Department, 411 West Ocean Blvd., 3rd Floor, Long Beach, CA 90802

Project Location: City of Long Beach, Los Angeles County, California

Project Description: In December 2019, the City Council of the City of Long Beach (City) approved the General Plan Land Use and Urban Design Elements (LUE/UDE) Project, which updated the City's General Plan intended to guide growth and future development through the horizon year 2040. The LUE/UDE Project included the approval of both the General Plan Land Use and Urban Design Elements, which replaced the previous 1989 Land Use Element (LUE) and the 1975 Scenic Routes Element (SRE), respectively. The City Council certified the EIR in December 2019, adopted the Mitigation Monitoring and Reporting Program (MMRP), and approved the LUE/UDE Project. The adopted LUE requires future amendments to update the City's Zoning Code and rezonings to update the City's Zoning Map with the updated LUE General Plan PlaceType Map and to resolve potential zoning inconsistencies. An addendum to the 2019 EIR (Addendum No.1) was prepared in May 2020 (referred to as the North Long Beach Major Corridor Rezoning Project). Addendum No. 2 to the EIR for the LUE/UDE Project (2019 Certified EIR) has been prepared to evaluate environmental impacts associated with the General Plan Housing Element Update (City of Long Beach, September 2021), amendments to the Long Beach Zoning Code (Titles 21 and 22) and rezoning of specific properties identified in the Housing Element.

Pursuant to Section 15164 of the CEQA Guidelines, the proposed project is covered by the Long Beach General Plan Land Use and Urban Design Elements Program EIR and Addendum No. 1 (approved project) (State Clearinghouse No. 2015051054) that was prepared, and this Addendum No. 2 found that the proposed project will have no new potentially significant impacts upon the environment that were not analyzed by the approved project. This is to advise that the City of Long Beach (Lead Agency) approved the above-described proposed project on **February 8, 2022** and has made the following determinations regarding the above-described proposed project:

1. The project (will/ will not) have a significant effect on the environment beyond that which was analyzed in the previously-certified EIR.
2. The project was determined to be within the scope of a previously-certified EIR (Long Beach General Plan Land Use and Urban Design Elements Program EIR).
 An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA
3. Mitigation Measures (were/ were not) made a condition of the approval of the proposed project and the previously-certified EIR.
4. A Mitigation Monitoring and Reporting Program (was/ was not) adopted for the previously-certified EIR.
5. A Statement of Overriding Considerations (was/ was not) adopted for the previously-certified EIR.
6. Findings (were/ were not) made pursuant to the provisions of CEQA.

This is to certify that the Addendum and previously-certified EIR record is available for review to the General Public at:
Department of Development Services, 411 W. Ocean Blvd., 3rd Floor, Long Beach, CA 90802
