Subject: FILING OF NOTICE OF DETERMINATION IN COMPLIANCE WITH SECTION 21108 OR 21152 OF THE PUBLIC RESOURCES CODE

Project Title: Removal Action Workplan, Northern Portion of David Starr Jordan High School

State Clearinghouse No.: 2011071006

Project Location: 2265 East 103rd Street, Los Angeles

County: Los Angeles

Project Description: The project includes the excavation and off-site disposal of approximately 3,084 cubic yards of arsenic, lead, and TPH-impacted soil with non-hazardous waste classification; and 75 cubic yards of arsenic and lead-impacted soil with California-restricted non-RCRA hazardous waste classification due to elevated arsenic and lead levels.

The proposed activities focus on the removal and disposal of soils impacted with elevated arsenic, lead and TPH to reduce the potential threat to human health and the environment. This action provides a permanent solution to reducing the toxicity of the soils at the Site, the mobility of the COCs, and the overall volume of impacted soil.

Following completion of proposed activities, the District's environmental consultant will certify that the necessary removal actions have been completed in accordance with the approved RAW, and as a result, the Site conditions following implementation of this RAW do not pose a significant risk to human health, safety, or the environment.

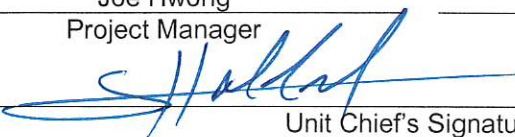

As Lead Agency a Responsible Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on June 27, 2019 and has made the following determinations:

1. The project will will not have a significant effect on the environment.
2. A Negative Declaration Mitigated Negative Declaration Environmental Impact Report was prepared by the Los Angeles Unified School District for this project pursuant to the provisions of CEQA.
3. Mitigation measures were were not made a condition of project approval.
4. A Statement of Overriding Considerations was was not adopted for this project.
5. Findings were were not made pursuant to the provisions of CEQA.

This is to certify that the final environmental document, comments and responses, and the record of project approval are available to the public at the following location:
