

CALIFORNIA ENVIRONMENTAL QUALITY ACT
NOTICE OF DETERMINATION

To: Office of Planning and Research
State Clearinghouse
1400 Tenth Street
Sacramento, CA 95812-3044

From: Department of Toxic Substances Control
Permitting Division
700 Heinz Ave.
Berkeley, CA 94710

Subject: Filing of Notice of Determination in Compliance with Section 21108 of the Public Resources Code

Project Title: Safety-Kleen of California, Inc (Newark) (formerly Evergreen Oil, Inc) Permit Renewal

State Clearinghouse Number: 1997032020

Project Location: 6880 Smith Avenue, Newark California 94560

County: Alameda

Project Applicant: Safety-Kleen of California, Inc

Project Description: The California Department of Toxic Substances Control (DTSC) adopted an Addendum to the previous Negative Declaration and approved the Safety-Kleen of California, Inc Permit Renewal, pursuant to authority granted under California Health and Safety Code Chapter 6.5 and California Code of Regulations, Title 22, Division 4.5, Chapter 20.

The Permit will reauthorize the existing treatment and storage facilities for additional ten years and authorize an existing 8,079-gallon treatment tank currently used for hazardous waste operations. There are several previous permitted units (three Rail Car Loading/Unloading Stations) that have not been constructed yet and are included in the Permit Renewal. The Permit Renewal does not include any new types of hazardous wastes received and processed at the Facility from the previous permit approval. All waste treatment and storage activities are conducted in secondary containment to prevent any waste from running off site.

As Responsible Agency under the California Environmental Quality Act (CEQA), DTSC approved the above-described project on September 3, 2021 and has made the following determinations:

1. The project will not have a significant effect on the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of project approval.
4. A Statement of Overriding Considerations was not adopted for this project.
5. Findings were not made pursuant to the provisions of CEQA.

The administrative record for this project is available to the public by appointment at the following location:

Department of Toxic Substances Control
Permitting Division
