CITY OF LOS ANGELES
INTER-DEPARTMENTAL CORRESPONDENCE

January 14, 2019

To: Dudek
Attn: Sabrina Alonso
38 North Marango Avenue
Pasadena, CA 91101

From: Los Angeles City Fire Department

Subject: Request for Fire Services Report

CASE NO.: ENV-2015-4476-EIR
PROJECT NAME: Kaiser Permanente Los Angeles Medical Center Project
PROJECT APPLICANT: Kaiser Foundation Hospitals (also known as Kaiser Permanente or Kaiser)
PROJECT LOCATION: 1317, 1321, 1329 & 1345 North Vermont Avenue; 1328 North New Hampshire Avenue, 4760 Sunset Boulevard; 1505 North Edgemont Street; 1526 North Edgemont Street, 1517 North Vermont Avenue; 1430 & 1424 North Alexandria Avenue, Los Angeles, CA 90027

PROJECT DESCRIPTION:

The Project is proposing to replace medical office buildings of the Kaiser Permanente Medical Center campus and build new health care facilities on adjacent parcels of land. The Project would proceed under a Master Plan/Development Plan Permit. The Project is proposed to be implemented in three phases and would include new and replacement medical office buildings, procedure centers, hospital additions, and parking structures on the Project site. The Project's phased development would occur between 2020 and 2030.

The following comments are furnished in response to your request for this Department to review the proposed development:

FIRE FLOW:

The adequacy of fire protection for a given area is based on required fire-flow, response distance from existing fire stations, and this Department's judgment for needs in the area. In general, the required fire-flow is closely related to land use. The quantity of water necessary for fire protection varies with the type of development, life hazard, occupancy, and the degree of fire hazard.

Fire-flow requirements vary from 2,000 gallons per minute (G.P.M.) in low density residential areas to 12,000 G.P.M. in high-density commercial or industrial areas. A minimum residual water pressure of 20 pounds per square inch (P.S.I.) is to remain in the water system, with the required gallons per minute flowing. The required fire-flow for this project has been set at **6,000 to 9,000 G.P.M. from four to six fire hydrants flowing simultaneously.**

Improvements to the water system in this area may be required to provide 6,000 to 9,000 G.P.M. fire-flow. The cost of improving the water system may be charged to the developer. For more detailed information regarding water main improvements, the developer shall contact the Water Services Section of the Department of Water and Power.

RESPONSE DISTANCE:

Based on a required fire-flow of 6,000 to 9,000 G.P.M., the first-due Engine Company should be within 1.0 mile(s), the first-due Truck Company within 1.5 mile(s).

FIRE STATIONS:

The Fire Department has existing fire stations at the following locations for initial response into the area of the proposed development: **1517 N. VERMONT AVENUE**

DISTANCE	Fire Station No.	SERVICES & EQUIPMENT	STAFF
0.5	Fire Station No. 35 1601 N. Hillhurst Avenue Los Angeles, CA 90027	Assessment Light Force, Paramedic Rescue Ambulance, BLS Rescue Ambulance and Brush Patrol	10
1.8	Fire Station No. 6 326 N. Virgil Avenue Los Angeles, CA 90004	Engine and Paramedic Rescue Ambulance	6
1.8	Fire Station No. 82 5769 W. Hollywood Blvd. Los Angeles, CA 90028	Engine and Paramedic Rescue Ambulance	6
2.0	Fire Station No. 52 4957 Melrose Avenue Los Angeles, CA 90029	Assessment Engine and Paramedic Rescue Ambulance	6
2.4	Fire Station No. 20 2144 Sunset Boulevard Los Angeles, CA 90026	Assessment Light Force, Paramedic Rescue Ambulance and BLS Rescue Ambulance	10

Based on these criteria (response distance from existing fire stations), fire protection would be considered **adequate**.

At present, there are no immediate plans to increase Fire Department staffing or resources in those areas, which will serve the proposed project.

The Los Angeles Fire Department continually evaluates fire station placement and overall Department services for the entire City, as well as specific areas. The development of this proposed project, along with other approved and planned projects in the immediate area, may result in the need for the following:

1. Increased staffing for existing facilities. (I.E., Paramedic Rescue Ambulance and EMT Rescue Ambulance resources.)
2. Additional fire protection facilities.
3. Relocation of present fire protection facilities.

For additional information, please contact the Fire Development Services Section, Hydrants & Access Unit at **(213) 482-6543**.

RALPH M. TERRAZAS,
Fire Chief

Kristin Crowley, Fire Marshal

Ms. Sabrina Alonso
DUDEK
27372 Calle Arroyo
San Juan Capistrano, California 92675

Dear Ms. Alonso:

The proposed Kaiser Permanente Los Angeles Medical Center Project falls within the geographical boundaries of the Los Angeles Police Department's Northeast Area. A project of this size could have a minor impact on police services in the Northeast Area. The Department is available to advise you on crime prevention features appropriate for the design of the property in this project. The Department strongly recommends that the developers contact Community Outreach and Development Division, Crime Prevention Through Environmental Design, Officer Christopher Gibson, at (213) 486-6000.

Upon completion of the project, you are encouraged to provide the Northeast Area Commanding Officer with a diagram of each portion of the property. The diagram should include access routes and any additional information that might facilitate police response.

Should you have any questions, please contact Officer Christopher Gibson, Community Outreach and Development Division, at (213) 486-6000.

Respectfully,

MICHEL R. MOORE
Chief of Police

A handwritten signature in black ink, appearing to be "D", with a horizontal line extending to the right.

DARNELL D. DAVENPORT, Captain
Commanding Officer
Community Outreach and Development Division

Enclosure

The proposed Kaiser Permanente Los Angeles Medical Center Project will be under the jurisdiction of Northeast Community Police Station, located at 3353 San Fernando Road, Los Angeles, 90065. Telephone Number (323) 561-3211.

The project is approximately 3.8 miles and 15 minutes without traffic from the Police Station in Reporting District (RD) 1151.

Northeast Geographic Area is approximately 29 square miles and consists of 59 Reporting Districts. The service boundaries for Northeast are as follows: The City of Glendale to the North, Sunset Boulevard, Pasadena Freeway to the South, the City of Pasadena to the East, Western Avenue and Normandie Avenue to the West.

It has approximately 295 sworn personnel and 16 civilian support staff assigned. It is a culturally diverse community with a population of approximately 250,000 people. The officer to resident ratio is 1 officer to 847 residents in Northeast Area. Additionally, there are special service teams available within the LAPD to service Northeast Area.

Northeast Station's emergency response system is directly linked to the Los Angeles Police Department Communications Division's Dispatch Centers. Communications Division has the responsibility to staff and answer, on a 24-hour basis, the telephones upon which calls for service are received. This includes 911 emergency calls (police, fire, and paramedic). Communication Division handles only police related calls for the City.

The average response time to emergency calls for service in Northeast Area during 2017 was 5.7 minutes. The average response time for non-emergency calls for service in Northeast Area during 2017 was 28.9 minutes.

Crime Statistics for Northeast Area YTD:

K-3 LAUSD

LOS ANGELES UNIFIED SCHOOL DISTRICT
Facilities Services Division

DATE: September 6, 2018

TO: Sabrina Alonso
Dudek
38 North Marengo Avenue
Pasadena, CA 91101

FROM: Rena Perez, Director
Master Planning & Demographics

SUBJECT: Environmental Impact Report Information Requested for: **KAISER PERMANENTE LOS ANGELES MEDICAL CENTER PROJECT**, 1345 North Vermont Avenue, 1517 North Vermont Avenue, 4760 West Sunset Boulevard, 1505 North Edgemont Street, 1526 North Edgemont Street, 1430 and 1424 North Alexandria Avenue, Los Angeles, CA 90027. The project is planned to include retail/commercial use.

Included please find a **LAUSD Schools Enrollments and Capacities Report** for the schools and programs serving the project address. This report contains the most recent data available on operating capacities and enrollments, and is designed to address any questions pertaining to overcrowding and factors related to school capacity. All schools operate on single track calendars.

Please note that no new school construction is planned and the data in this report *already take into account*: portable classrooms on site, additions being built onto existing schools, student permits and transfers, programs serving choice areas, and any other operational activities or educational programming affecting the operating capacities and enrollments among LAUSD schools.

Additional information on LAUSD's Capital Improvement programs can be found on the Facilities Services Division main webpage at <http://www.laschools.org/new-site/>. Listings of residential schools and other programs serving the project can be found using LAUSD's Residential School Finder at <http://rsi.lausd.net/ResidentSchoolIdentifier/>.

The Developer Fee Justification Study with student generation rates can be found online at <https://achieve.lausd.net/domain/921>.

MASTER PLANNING AND DEMOGRAPHICS RESPONSE TO SPECIFIC QUESTIONS

- Questions: 1-3 and 5** The project is located in a **High School** attendance choice/option area. Please see LAUSD Schools Enrollments and Capacities Report details;
- Question: 4** Please contact the LAUSD Developer Fee Program Office (DFPO) at (213) 241-0715 if more information regarding fees and student generation rates is needed.

ATTACHMENTS

^a Schools & programs that are part of a "school choice area" pull enrollments from the area school(s) that have resident attendance boundaries. Seating overage/shortage and overcrowding is calculated and reported for the school choice area as a whole; capacity and actual enrollment is reported for each individual school and/or program listed in the shaded cells.

Schools Planned to Relieve Known Overcrowding

see next page

NOTES:

- ¹ School's ID code.
- ² School's name
- ³ School's operating capacity. The maximum number of students the school can serve with the school's classroom utilization. Excludes capacity allocated to charter co-locations. Includes capacity for magnet programs.
- ⁴ The total number of students living in the school's attendance area and who are eligible to attend the school at the start of the reported school year, plus students enrolled at any on-site magnet centers.
- ⁵ The number of students actually attending the school at the start of the reported school year, including magnet students.
- ⁶ Reported school year seating overage or (**shortage**): equal to (capacity) - (resident enrollment).
- ⁷ Reported school year overcrowding status of school. The school is overcrowded if any of these conditions exist:
 - There is a seating shortage.
 - There is a seating overage of LESS THAN or EQUAL TO a margin of 20 seats.
- ⁸ Projected 5-year total number of students living in the school's attendance area and who are eligible to attend the school as of the start of the school year. Includes magnet students.
- ⁹ Projected seating overage or (**shortage**): equal to (capacity) - (projected enrollment).
- ¹⁰ Projected overcrowding status of school. The school will be considered overcrowded in the future if any of these conditions exist:
 - There is a seating shortage in the future.
 - There is a seating overage of LESS THAN or EQUAL TO a margin of 20 seats in the future.
- o Magnet Schools with Resident Kindergarten Enrollment: Resident enrollment is reported for Kindergarten only. Actual enrollment is reported for all grades in school. Projected data not reported.
- * Enrollment is by application only.

K-4 LAPL

Kaiser Permanente Los Angeles Medical Center Project
Request for Information
Los Angeles Public Library Response
November 29, 2018

Requested Information

To aid us in assisting the potential impacts to library facilities, please provide the following information regarding LAPL services and facilities:

1. Which libraries would serve the Project site? (size, collection size, current service population, staffing levels)

Answer:

The following Los Angeles Public Library Facilities would serve the project area:

Cahuenga Branch Library, page 3
Goldwyn Hollywood Branch Library, page 4
Los Feliz Branch Library, page 5
Silverlake Branch Library, page 6
Wilshire Branch Library, page 7

Please see respective pages for information regarding each location.

2. Are there any planned improvements to LAPL facilities in the Project area?

Answer:

There are currently no planned physical improvements to the LAPL facilities that would serve the project area.

3. Does LAPL implement fee-based assessments to new development projects? If so, how are these fees calculated?

Answer:

Yes, The Los Angeles Public Library recommends a mitigation fee of \$200 per capita based upon the projected population of the development. The funds will be used for staff, books, computers and other library materials. It is recommended that mitigation fees be paid for by the developer.

Kaiser Permanente Los Angeles Medical Center Project
Request for Information
Los Angeles Public Library Response
November 29, 2018

4. Are the existing facilities sufficient to accommodate the proposed development?
If the answer is no, please provide recommendations.

Answer:

On February 8, 2007, The Board of Library Commissioners approved a new Branch Facilities Plan. This Plan includes criteria for new Libraries, which recommends new size standards for the provision of LAPL facilities – 12,500 s.f. for community with less than 45,000 population and 14,500 s.f. for community with more than 45,000 population and up to 20,000 s.f. for a Regional branch. It also recommends that when a community reaches a population of 90,000, an additional branch library should be considered for the area.

Any increase in the residential and/or commuter-adjusted population that is in close proximity to a library has a direct impact on library services with increased demands for library staffing, materials, computers, and information services. Therefore, mitigation measures may be necessary in order to lessen the impact to these services to a level that is appropriate for a given service population in accordance to the February 8, 2007 Board of Library Commissioners approved Branch Facilities Plan.

Los Angeles Public Library
Location Information for EIR/ Request for Information

Branch Name

Cahuenga Branch Library

Address

4591 Santa Monica Boulevard
Los Angeles, CA 90029

Hours
