-----	--

SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number:	2013111050
Project Title: CV Link Multi-Modal Transportation Project (Resolutions of Necessity)	
Project Sponsors: Coachella Valley Association of Governments (CVAG)	
Specific Project Location: Along CV Link (see attached map) - Assessor Parcel No. 677-30-023 in the City of Palm Springs (northeast corner of North Gene Autry Trail and East Via Escuela), and Assessor Parcel No. 610-030-016 in the City of Indio (vacant land within the Whitewater Stormwater Channel)	
General Project Location (City and/or County): City of Palm Springs and City of Indio, Riverside County	
Project Description: Since 2011, CVAG has planned for the construction of CV Link, a multi-modal transportation project, generally along the top of the levees of the major storm water channels and local roadways in Coachella Valley. Following an extensive public process, CVAG certified an Environmental Impact Report (EIR) for CV Link and approved the Project in 2017. CV Link is under construction in the cities of Palm Springs, La Quinta, Indio, and Coachella. Right of Way easements on two properties are needed for the construction and operation of CV Link. One property is held in trust by the United States for Allottees, and the second is owned by the Union Pacific Railroad. Both properties are along the route that was approved by CVAG in 2017. The respective portions of the properties needed for CV Link are vacant, and no relocation will be required. On June 28, 2021, the CVAG Executive Committee adopted Resolutions of Necessity for the acquisition of Right of Way easements on certain real property described as Assessor Parcel No. 677-30-023 (owned by Sean Milanovich and Travis Milanovich) in the City of Palm Springs and Assessor Parcel No. 610-030-016 (owned by Union Pacific Railroad) in the City of Indio. Approval of the Resolutions of Necessity will not cause any additional adverse impacts to the environment, as compared to what was analyzed in the prior EIR. Thus, no further environmental review is required pursuant to Public Resources Code 21166 and State CEQA Guidelines 15162. All of the mitigation measures adopted as part of the certified EIR are still valid and apply.	

This is to advise that the Lead Agency has approved the above described project on June 28, 2021 and has made the following determinations regarding the above described action:

1. <input checked="" type="checkbox"/>	The project, as modified, will NOT have a significant effect on the environment beyond that already identified in the previously certified EIR.	
2. <input checked="" type="checkbox"/>	An Environmental Impact Report was previously prepared and certified for the CV Link project pursuant to CEQA and reflects the independent judgment of the CVAG.	
3. <input checked="" type="checkbox"/>	Mitigation measures were made a condition of the approval of the project.	
4. <input checked="" type="checkbox"/>	A Mitigation Monitoring or Reporting Plan was previously adopted for this project.	
5. <input checked="" type="checkbox"/>	A Statement of Overriding Considerations was previously adopted for this project.	
6. <input checked="" type="checkbox"/>	Findings were made pursuant to the provisions of CEQA.	
	This is to certify that the documents comprising the administrative record for the above-described action are available to public at:
