Project Number: PRJ-1093210

State Clearinghouse Number: 2015111012

Project Title: 4575 Camino De La Plaza

Project location: 4575 Camino De La Plaza, San Diego, CA, 92173

City/County: San Diego/San Diego

Description of Previous Action and Project: The San Ysidro Community Plan Update (SYCPU) was approved on November 15, 2016, which established land use designations and policies to guide future development within San Ysidro consistent with the City of San Diego General Plan (City of San Diego 2008). Discretionary actions required to implement the SYCPU, and addressed in the SYCPU Environmental Impact Report (EIR), included the Adoption of the SYCPU; Adoption of the San Ysidro Historic Village Specific Plan (SYHVSP); Creation of a Local Coastal Program (LCP); a General Plan Amendment; Rescission of the San Ysidro Planned District Ordinance (PDO); Amendments to the City's Land Development Code (LDC) for Adoption of a Rezone Ordinance to replace the San Ysidro PDO with citywide zoning; and approval of an Impact Fee Study (IFS).

Subsequently, an Addendum for the Virginia Avenue Parking Garage project (PTS No. 375960) was prepared to the SYCPU EIR that also included the proposed project site (4575 Camino De La Plaza; Assessor's Parcel Number 666-400-10). The Virginia Avenue Parking Garage project included a Coastal Development Permit to amend CDP 40-0338, a Planned Development Permit and Neighborhood Use Permit to demolish a one-story 2,000 square-foot building (restaurant) and associated parking lot to allow for the construction of a 5-level parking structure with 349 parking stalls and 13,210-square feet of retail and restaurant space at the ground level.

Description of Current Project: A request for a Conditional Use Permit for the sale of alcoholic beverages for an Alcoholic Beverage Outlet located at 4575 Camino De La Plaza in the City of San Diego. The project also proposes interior tenant improvements within the 1,247 square feet retail suite. The proposed improvements would include lighting, millwork, finishes throughout, non-load bearing partitions, and associated mechanical, electrical, and plumbing infrastructure. The project would also include frontage improvements including a reconstructed driveway and replacement of an existing curb ramp to meet Americans with Disabilities Act (ADA) requirements.

Project Applicant: Joe Yousif, JJYM Investments, LLC, 4575 Camino de la Plaza, Suite D, San Diego, CA, 92173, (619) 241-6561

Determination: Pursuant to Public Resources Code Section 21166 and CEQA Guidelines 15162, the City has determined that: (1) there is substantial evidence that none of the conditions requiring preparation of a subsequent or supplemental EIR exist, and (2) the City will rely on the previous environmental document, which adequately addresses this project.

This is to advise that the Hearing Officer of the City of San Diego on March 6, 2024 approved the above-described project and made the following determinations:

- (1) No Substantial changes are proposed in the project which will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; and,
- (2) No Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or,
- (3) New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous EIR was certified, shows any of the following:
 - a. The project will have one or more significant effects not discussed in the previous EIR;
 - b. Significant effects previously examined will be substantially more severe than shown in the previous EIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible, and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or,
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measure or alternative.

Furthermore, the City has made the following determinations:

1. The project in its approved form would, or would not have a significant effect on the environment.
2. The proposed project would, or would not introduce additional impacts or increase the severity of impacts beyond those already analyzed in the EIR.
3. Mitigation measures were, were not, made a condition of the approval of the project;
4. New Findings were, were not, required pursuant to CEQA Guidelines Section 15091.
5. New Statement of Overriding Considerations were, were not, required.

It is hereby certified that the CEQA 15162 Consistency Analysis Memorandum and final environmental document(s) are available to the public at the office of the City's Development Services Department, 1222 First Avenue, San Diego, CA 92101.
