Project Title: Downtown Plan Program EIR Land Use Equivalency Program (LUEP) and 7th and Locust Development Downtown Plan EIR Addendum (EIRA 06-20) (City of Long Beach Downtown Plan [EIR 04-08])

Project Applicant: City of Long Beach (LUEP) and Sandy Schmid, Starpoint Properties, LLC (7th and Locust Development)

Project Location: A Land Use Equivalency Program (LUEP) was prepared for the entire Downtown Plan (PD-30) District which covers an area of approximately 719 acres in size to provide development flexibility in the land use developed within Downtown Plan (PD-30). The subject development property is a 22,000-square-foot lot located at 636 Locust Avenue, the southeast corner of the intersection of Locust Avenue and 7th Street within the Downtown Plan (PD-30) Zoning District.

Project Description: The proposed project for the purpose of this Addendum includes two components: 1) the "Equivalency Program" to allow for the exchange among permitted uses; and 2) the development of the 108-unit primarily residential, mixed use project at 7th Street and Locust Avenue (636 Locust Ave).

The project scope, includes a Land Use Equivalency Program (Equivalency Program), which anticipates the exchange of floor area previously analyzed for commercial and office uses and hotel units within the Downtown Plan Program Environmental Impact Report (PEIR) (SCH No.2009071006) to residential dwelling units. The exchange would add "capacity" for the future development of approximately, 3,260 additional residential units and involve a commensurate level of reduction of nonresidential uses within the Downtown Plan (PD-30) using an Equivalency Program included in the Addendum to PD-30.

The proposed development 7th and Locust would replace a former Firestone Auto Care facility with a new, seven-story, mixed-use building containing 108 dwelling units, 1,188 sq. ft. of ground floor commercial uses, and an integrated four-level, 135 stall parking garage.

Environmental Review: Pursuant to Section 15164 of the CEQA Guidelines, this project is covered by the Downtown Plan (PD-30) Program Environmental Impact Report (EIR 04-08, State Clearinghouse No. 2009071006) and an Addendum was prepared for this project (EIRA 06-20) and found the project will have no new potentially significant impacts upon the environment that were not analyzed by the Downtown Plan PEIR.

Project Title: City of Long Beach Downtown Plan (EIR 04-08)

Project Applicant: City of Long Beach

Project Location (include county): Downtown Long Beach, California (Los Angeles County)

Project Description:

The proposed project is a community plan for Downtown Long Beach. The Downtown Plan replaces the existing zoning in PD-30 entirely, and a portion of PD-29 Subarea 5, and other areas, totaling 725 acres. The action includes designation of all property within the project boundary to LUD#7, Mixed Uses in the City's General Plan Land Use Element. The community plan incorporates zoning, development standards, and development guidelines to establish design and development criteria to guide future development projects. The intent of the Downtown Plan is to facilitate additional housing, employment, shopping and entertainment opportunities within a vibrant urban mixed-use district.

This is to advise that the Long Beach City Council has carried out the above-described project on January 17, 2012, and has made the following determinations regarding the above-described project.

1. The project [will will not] have a significant effect on the environment.
