Project Description: (please use a separate page if necessary)

The SEIR for the 2022 RTP/SCS will be a supplement to the 2015 RTP Program EIR and 2018 RTP/SCS SEIR (State Clearinghouse # 2014022018). This is the appropriate level of environmental documentation for the 2022 RTP/SCS because changes to existing conditions (including regulatory updates), the transportation project list, and land use scenario evaluated in the 2022 RTP/SCS are expected to be minor relative to the 2015 RTP and 2018 RTP/SCS and would not substantially increase the severity of impacts previously identified. The Project full project description, location, environmental review requirements, and probable environmental issues to be addressed in the SEIR are listed in the NOP.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
