State Clearinghouse Number (if submitted to State Clearinghouse): 2018072033

Project Title: State Water Project Water Supply Amendments for Water Management

Project Applicant: California Department of Water Resources

Project Location (include county): Statewide; the State Water Project and Service Areas in CA

Project Description:

The proposed project would add, delete, and modify provisions of the Contracts and clarify certain terms of the Contracts that will provide greater water management regarding transfers and exchanges of SWP water within the SWP service area. The proposed project would not build new or modify existing SWP facilities nor change any of the Public Water Agencies (PWAs) annual Table A amounts. The proposed project would not change the water supply delivered by the SWP, as SWP water would continue to be delivered to the PWAs consistent with current SWP Water Supply Contract terms and all regulatory requirements.

This is to advise that the Palmdale Water District has approved the above (Lead Agency or Responsible Agency)

described project on October 26th, 2021 and has made the following determinations regarding the above described project.

- 1. The project will have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

2029 East Avenue Q Palmdale, CA 93550 or https://water.ca.gov/News/Public-notice
