**Project Description:** (please use a separate page if necessary)

The District prepared an IMP Update to provide a comprehensive CIP for the District. The IMP Update details planned improvements to water distribution, wastewater, and recycled water infrastructure in the District. One recycled water system project (RW-101) underwent additional engineering and design review, resulting in modifications that would better optimize the District's existing recycled water distribution system. The District prepared an Addendum to the MND.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
