Subject: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number (if submitted to State Clearinghouse): 2018122057

Project Title: Interstate 80/Gilman Street Interchange Improvement Project

Project Location: City of Berkeley, Alameda County (see attached map)

Project Description: On April 13, 2021, EBMUD’s Board of Directors approved the Gilman Interchange Recycled Water Pipeline Project (Project) and authorized a utility agreement with Alameda County Transportation Commission to facilitate installation of the recycled water pipeline included in the Project. The utility agreement will result in installation of approximately 2,500 feet of 12-inch steel recycled water pipe at the Gilman Street interchange on and off ramps to Interstate 80 in the City of Berkeley. Approximately 1,000 feet of the pipeline will be within Gilman Street between West Frontage Road and 5th Street, and 1,500 feet will be within Eastshore Highway from Page Street to Gilman Street, where it will be connected to an existing recycled water pipeline. The effects of installing the recycled water pipeline were analyzed in the Interstate 80/Gilman Street Interchange Improvement Project - Initial Study Negative Declaration/ Environmental Assessment with Finding of No Significant Impact, prepared by California Department of Transportation (Caltrans). Alameda County Transportation Commission will complete the recycled water pipeline installation work as part of the Interstate 80/Gilman Street Interchange Improvement Project.

This is to advise that the East Bay Municipal Utility District has approved the above described project on Lead Agency Responsible Agency

April 13, 2021 and has made the following determinations regarding the above described project.

1. The project will will not have a significant effect on the environment.
